Dictionary Of Paul And His Letters (The IVP Bible Dictionary Series)

Synopsis

1994 ECPA Gold Medallion (Reference Books) The Dictionary of Paul and His Letters is a one-of-a-kind reference work. Following the format of its highly successful companion volume, the Dictionary of Jesus and the Gospels, this Dictionary is designed to bring students, teachers, ministers and laypeople abreast of the established conclusions and significant recent developments in Pauline scholarship. No other single reference work presents as much information focused exclusively on Pauline theology, literature, background and scholarship. In a field that recently has undergone significant shifts in perspective, the Dictionary of Paul and His Letters offers a summa of Paul and Pauline studies. In-depth articles focus on individual theological themes (such as law, resurrection and Son of God), broad theological topics (such as Christology, eschatology and the death of Christ), methods of interpretation (such as rhetorical criticism and social-scientific approaches), background topics (such as apocalypticism, Hellenism and Qumran) and various other subjects specifically related to the scholarly study of Pauline theology and literature (such as early catholicism, the center of Paul's theology, and Paul and his interpreters since F. C. Baur). Separate articles are also devoted to each of the Pauline letters to hermeneutics and to preaching Paul today. The Dictionary of Paul and His Letters takes its place alongside the Dictionary of Jesus and the Gospels in presenting the fruit of evangelical New Testament scholarship at the end of the twentieth century. It is committed to the authority of Scripture, utilizing the best of critical methods, and maintaining dialogue with contemporary scholarship and challenges facing the church.

Book Information

Hardcover: 1067 pages

Publisher: IVP Academic; 1st Edition edition (November 28, 1993)

Customer Reviews

On the heels of its successful Dictionary of Jesus and the Gospels (1992), Inter-Varsity presents this companion volume on Paul and his writings. It is a collection of 200 well-written, thorough, and informed articles on Pauline themes from Abraham to justification to wrath; epistles, as well as relevant critical and background issues such as Hellenism; social-scientific research; and the canonicity of the epistles. Among the members of the international team of 108 contributors are prominent contemporary evangelical scholars. Several of them have written extensively elsewhere on the topics they present here (James Dunn on Romans, F.F. Bruce on Paul in Acts, and Ben Witherington on Christology). The scholarship evident behind the articles is not presented at the expense of readability. Thus, this work is accessible to both scholarly and lay readers. Highly recommended for all seminary libraries and for academic and public libraries where there is sufficient interest.- Craig W. Beard, Univ. of Alabama at Birmingham Lib.Copyright 1993 Reed Business Information, Inc.

And if I thought the list of contributors was great in the later DNTB volume, I was blown away by those who wrote for this earlier dictionary. Again, I can't recommend this volume highly enough. (Nick Norelli, Rightly Dividing the Word of Truth, June 16, 2008)"In the present state of Pauline studies a dictionary of this sort is timely and well-conceived." (Charles F. Moule, University of Cambridge)"The DPL is a quiet magnificent achievement; a reliable and comprehensive guide which will be invaluable for specialists, teachers, clergy and students." (Graham N. Stanton, University of Cambridge)"A mine of information for all students of Paul for many years to come." (N. T. Wright, Bishop of Durham)"The DPL is an informed, up-to-date and helpful introduction to Paul's thought and letters. Bringing together a great deal of significant material on crucial topics in the study of Paul, it serves admirably not only as an important text for theological students . . .but also as a vital resource for active ministers in their faithful proclamation and application of the gospel" (Richard N. Longenecker, Professor Emeritus, Wycliffe College, University of Toronto)"The editors, contributors and publishers are to be congratulated for this handsome, 'user-friendly' volume which serves up many hearty and healthy Paulinemeals that are suitable for a variety of diets--the inquisitive layperson, the hard-pressed pastor, the industrious student, the overburdened teacher and the seasoned scholar." (Murray J. Harris, Professor Emeritus, Trinity Evangelical Divinity School)"The DPL provides an authoritative guide to Paul and his world for all who are interested." (James H. Charlesworth, Princeton Theological Seminary)"In this splendid new reference work the serious student of the Bible will find a comprehensive summary of the best of modern scholarship

concerning the life, times and thought of St. Paul I will be recommending it enthusiastically to my students and consulting it regularly in my personal study." (W. Ward Gasque, President, Pacific Association for Theological Studies)"The DPL will be a great help for students of theology and men and women in ministry, as well as for academic theologians." (Peter Stuhlmacher, Professor Emeritus, University of Tübingen)

I have found this book to be a valuable resource for me. It gives a great amount of background information about the ancient history of the Church and about the culture and people of the Old and New Testaments along with a good amount of information about St. Paul and his ministry.

Must have book for any Bible scholar

This book is an excellent resource for understanding the Pauline epistles and discovering the great truths he writes about.

came in perfect condition

The resource is great. 5 stars. However the Kindle version is terrible. I regret getting it for that reason. It is not indexed at all, and so you end up spending way too much time scrolling through pages searching for articles rather than actually reading them.

The Kindle version is great, content is readable and informative. I would recommend.

Perfect

This is one of the most awesome interpretation of Paul Letters that I have read and seen . hooray to the writers.
