Customer Reviews

Very happy with this purchase. Bought it as a spare so my son can have a book at home and one in school. (Makes his backpack lighter.)

excellent book.

Arrived in great shape

While I can't say I love Calculus, this book was required and it has served its purpose well.

Text is excellent match since I tutor and this is used as the APCalculus Course Text!

Awesome

The only bad thing is it does not come with one year of Math XL

It meets my expectation and the book is really useful.
