Master Your Time Management Concepts: Essential PMP®, Concepts Simplified (Ace Your PMP®, Exam Book 5)

Synopsis

“Shiv, I have found your site the most helpful of all. Thank you so much for putting it together and sharing it. I know it must have been a huge endeavor. I have spent countless hours on your site, and it has been great! There was nothing like the very clear and understandable information you posted online. What you offered is very unique, and I greatly appreciate you making it available to the public.”
Tina C, USA
With the latest changes to PMP® exam, questions now focus more on concepts as applied to scenarios, even the ITTO based ones. This book, fifth part of 11-book series 'Ace Your PMP® Exam' focuses on the necessary concepts of Project Time Management Knowledge Area for PMP® exam. Please take a look at the Table of Content by clicking on 'Look Inside' link to see the content is covered in the book. Any process names and ITTOs are deliberately omitted from the book, except in places required in the context of the content, and the focus is only on simplifying concepts with examples and illustrations. This book is a complementing study resource to a PMP® study guide. Many PMP® students are using the books in this series as a revision tool just before the exam with great results.
