Easy recipes to follow.

Very disappointed. The recipes are weird (Ritz crackers to make a cheesecake??.), and several are basically repeats of others. I believe this was written by someone who is not a native English speaker, and it shows. Be warned - it's very small in size AND usefulness.

Very disappointing purchase. Very poorly written. Some recipes have steps missing and do not appear to have been originally written in English. An inexperienced cook would find it impossible to use.
