Customer Reviews

Helps change mind set towards wealth
To think more positively and banish negative thoughts towards wealth. Great book to read

My soul stays fed with these books I read them before bed so my mind is in the best place

This was a great book it teaches you how to use the law of attraction and relates things to the Bible. Through the book it quotes scripture but doesn't give a reference point but that's ok if you have read the Bible. The mind of money is a book worth reading again and to share with people who are ready to grow and experience the truth.

I enjoyed the information and the techniques used to make me sink these ideas into my subconscious. I looks forward to implementing the laws into my life

Wasn't worth the purchase. Anyone can make a book like this one and pawn it off as their own. My friends and I did what it suggested to do and nothing happened, so when the author says, practice the items in the book and your life will change, don't believe it. I had better luck with "The secret," and a vision board.
