How To Fly For Free: Practical Tips The Airlines Don't Want You To Know

Synopsis

How To Fly For Free gives you hyper-practical tips on how to travel anywhere in the world without breaking the bank. You'll learn how to quickly rack up hundreds of thousands of frequent flyer miles. (These tips helped me earn over 1.4 million points since 2010.) You'll also learn how to:- Earn elite status in just one flight- Bring along a companion anywhere you fly • free • for two years- Add extra cities to your trip- Get bumped- And morePlenty of books promise to teach you how to get the cheapest airfare possible with 350 pages worth of useless tips like "book your flights on Tuesdays at 1pm" or "try to fly the same carrier each time." This isn't that book. How To Fly For Free is a practical, step-by-step guide that will let you avoid paying thousands for airfare.Words: 13,132Pages: 56-----Table of ContentsIntroductionSection 1: How to Get Free Flights1) The Fastest Way To Get Free Flights2) How Your Credit Score Works3) Step-By-Step Guides For Three Types Of Travelers4) How To Get Bumped5) Earning Elite Status In One Roundtrip Flight6) Complaints = Miles7) Bring A Companion For FreeSection 2: How to Use Your Miles8) Spending Points Wisely9) How To Fly To Additional Cities For Free10) Using Partner Airlines To Fly Anywhere In The WorldSection 3: Planning a Trip From Start to Finish11) How To Plan A Trip, Step-By-Step12) Finding Cheap Flights-----About the author: Scott Keyes is a travel expert who has earned 1.4 million points in the past two years. He personally travels around 100,000 miles per year. Though once skeptical about the usefulness of frequent flyer miles, free trips to places like Norway, Dominican Republic, and the Galapagos Islands put his fears to rest.

Customer Reviews

I got this book in April and followed the plan. Now it is December and I accrued enough miles to purchase plane tickets for a Bahamas trip for my family of 4 and a hotel stay while in transit, all on miles. Keeping track of all the cards and making sure I do not end up with debt is a big job with multiple cards, so be ready to get organized and spend a lot of time managing the process if you use credit card points for travel. I got the author, Scott's help when I first booked flights as I was new to the process of using miles at this level. He responded right away. The book is great: clear, easy, and a practical guide. I highly recommend. Get yourself a free vacation!

This was ok. Nothing that I haven't seen on websites for free. Its all consolidated and you don't have to search for it. So if you don't want to go searching, buy it.

I recently have gotten into learning how to fly for (practically) free. I've been doing my fair share of research lately and have learned a lot on my own but I learned a few new tips and tricks from reading this book. I also was able to find a few new resources that I had not come across before.

I wish I had this info five years ago!

Can't wait to travel smarter and save money at the same time. This book is a good place to start.

I'm extremely knowledgeable in the area that deals with credit and I found this book informative with plenty of great information for the daily user. There are many tips and guides telling you exactly what to do (some of which I did not know about). The book was an easy and quick read and was pretty humorous at points. If your goal is to take advantage of incentives airline and credit card companies offer, then this book is for you.

Great place to start if you are interested in saving money and traveling... come on, who isn't interested in that....

definitely some good advice and tips in this book however it could use some updating and more specific information regarding how exactly things work in the industry and how to maximize more as i do know first hand that there are ways to get better deals and stay on top of rewards
