Pierce Edwards is a 40-year-old self-made multimillionaire--an executive at the top of his game, yet at the bottom of his existence. His "work harder and faster" mind-set has catapulted him to the top, but it has also strained all of his relationships with his family and his friends. Deep down, he knows he's adrift, but he can't find his way. Finally, his wife and best friend confront him and force him to embark on a journey of change. In this profound business fable, Pierce begins a life-altering adventure, where he learns the four essential keys to great wisdom. With a fresh perspective, he

realizes that trusting in himself and others will lead to extraordinary success--and that success can be measured in extraordinary ways. Based on author Ben Newman's popular program, "Own YOUR Success" shows you how to harness the power to make each day a triumph. It offers you original, practical, and proven exercises to transform challenges into maximum performance. Its real-world advice and proven strategies will help you achieve even greater success in the business world and in your own life. The most successful people achieve their dreams when they focus on having a passion for the process. Discover how to make each and every day victorious by focusing on daily activities rather than obsessing over results that you can't control. Figure out what fires YOU up without exception, and ignite that passion so that you can routinely create your Prizefighter Day. "Own YOUR Success" will lead you to uncover your true potential and create a life that truly belongs to YOU. --This text refers to the Digital edition.

• Dr. Jason Selk, Director of Sport Psychology for the 2011 World Series Champion St. Louis Cardinals "In this entertaining and inspirational book, you will learn important lessons about life balance. Be careful, you may actually learn something about yourself. I did!"
• Shep Hyken, New York Times bestselling author of The Amazement Revolution "Ben Newman, thank you for writing this FANTASTIC book! Own YOUR Success is a truly remarkable book. Being a mother, wife, and business professional, my days can be full of surprises and I have to adapt quickly as problems occur, as does Pierce in Own YOUR Success. Pierce navigates through his journey to find himself again to be the father, husband, and CEO he once was and longs for again . . . it is inspiring and hopeful. This is a book that will be with my family for generations, as there are many great lessons to be learned by all!"
• Katherine Forrester, Correspondent, Fox News; one of the top wealth management advisors in the United States

This business fable drew me in immediately and I could not put it down. Most books in the realm of success and transformation make their message complicated and are a chore to get through. Ben Newman shares the story of Pierce Edwards in a straightforward, vulnerable and completely relatable manner. I could feel what Pierce was going through, what he was thinking and could relate

with where he was in his life. To top it off, when you follow through yourself and take action by reflectively and thoughtfully doing the work from the exercises and questions, you will begin to transform your own life's story. Thank you Ben for sharing this unique and wonderfully enlightening story that has opened my eyes and my heart to the possibilities ahead.

Ben Newman has delivered his best book yet with "Own Your Success" and he is quickly on his way to being one of the most influential life strategists in the country. Ben's strategy of finding and developing a "passion for the process" is by far the most profound concept I have discovered in the motivational literature and has truly revolutionized the way I approach my own law firm and my life. The concept is simple yet profound - the most certain way to success is to focus daily on the process itself, and not obsess/worry/contemplate on what the "final" result may be. In other words, take one play at a time in life, in business, in everything. The real genius of this book is Ben gives concrete and practical examples of HOW to do this. I have personally used his concepts in building my law firm and I can state without hesitation they have accelerated my firm's growth, client base, and overall financial health. If you want to improve your life immediately, read this book. It's a fast paced and interesting read, and if correctly implemented, you will experience more success than you can even imagine. Very good book.

At first I thought the book was a little too tacky and forced kind of like a lifetime made for tv movie. A guy always wanted to be something since he was a boy, had early childhood tragedy, eventually married, became successful, and had the perfect family (1 boy, 1 girl, and a caring wife who was a homemaker), and everything he could want (materially), but has an intervention and realizes he's forgotten what is important in life. However, once you meet the inspiring characters and read their messages the book does get much better. Many good takeaways. I highly recommend to those who are just starting out their career and need motivation or those lacking direction.

Ben Newman writes an extraordinary tale of one man's journey for self discovery and understanding through four enlightening encounters. Through these meetings, his "truths" serve as a reminder of the gifts around us each and every day if we stop to see what truly is before us. Ben reminds us of the power of choice and that we can take inventory and start living the life we were designed for NOW. His book is smart, poignant, and refreshingly real ... as we each can see parts of ourselves reflected in Pierce's journey. He leaves you wanting to further evaluate your life and become more purposeful in the 'living legacy' you are creating.

I've read Ben Newman's other books and can say that he has really come into his own with this book. Marrying a fable with these modern day motivating lessons is the inspirational sweet spot he's been after! Ben's real life success and all the pitfalls and stresses that can come with a young man hitting the pinnacle of his career lent real nuggets of truth in how easily diverted we can become from what truly matters. It's an entertaining, easy-read, yet proudly meaningful in how to improve and enjoy all areas of your life.

Own YOUR Success: The Power to Choose Greatness and Make Every Day Victorious Ben is part of a rare breed that is able to perform at a high level while teaching and bringing others along for the ride. I have witnessed this personally and this book is the culmination of principles he has been living for years. We just ordered 65 copies to give out to our top performers that are looking for ways to grow themselves and their sales. Thanks Ben for continuing to challenge me and for all you are doing.

Ben wrote an excellent story while teaching valuable life lessons for a broad audience. Husbands & wives, high level executives all the way across to high school students looking to choose a direction in life will learn something great from his story. Everyone should have the gift of time, support & teachers that "Pierce" experiences so that they too can find their way in life. Thanks Ben!

If you are tired of life and business happening to you, this is simply a must read! It's time for business owners and executives to really, truly, take control of their lives and OWN success in every aspect of life. If you want to do that--and more importantly, you agree--this is a must read, along with Ben's previous books!
