Customer Reviews

The Happy Farmer by Robert Schumann is a short but fun to play classic. It is relatively easy to get it correct but a little more difficult to get it fast and steady. The piece seems to almost beg you to play it faster and faster. This is a VERY GOOD piece for the younger or less experienced pianist to work on. Success builds confidence ... and with a little work probably the majority of us can play this piece well and professionally. Voila ...confidence ...and even more success.It's important to get the fingering on this song figured out early. Write it down on the music the music "sheet" is actually a nicely heavy sheet which holds it's shape well; it's almost like cardboard). Repeating the music piece over and over with a set fingering pattern will build your finger muscle memory ...and consequently help you to build accuracy ...and then speed. I think you will have fun with "The Happy Farmer". It's a joy to play.
