Customer Reviews

My family has used ADC maps since I can remember, so when it was time for me to move to DC, it was my natural choice. The Metro Washington, DC book provides great maps of DC and covers a wider area around DC than I thought it would. The overview map and guides on the sides of the page help you to easily navigate between pages and find the areas and streets you need. The maps are detailed with information about schools, landmarks, one-way streets, building numbers by block, etc. without being cluttered. It is also easy to tell if roads merge onto highways or take an underpass and includes exit numbers which are extremely helpful for navigating on road trips! Along with the quality area maps I expected, the book also contains special interest maps of the National Mall area, area college campuses, airports, and METRO/Commuter Rail service. I recommend this map to anyone traveling to or living in the DC area.
