Customer Reviews

I have friends who live on Maui and own this book. Whenever I visit them, I find myself pouring over it, studying the design details in every photo. I realized, finally, that I had to purchase the book for myself. I will never live in Hawaii, nor will I decorate a home with a Hawaiian sensibility, but I will use the design principles that are everywhere evident in the images and that can be applied to interior decor anywhere. What is especially engaging to me is the way the designers blended elements representing the diversity of cultures that make up Hawaii.

The best book I have ever come across for Hawaii homes. it is so BEAUTIFUL & breathtaking. Gorgeous Pictures. wonderful creative idea. it doesn't matter what size room you have. doesn't apply for rich and famous people. not for mansion only. can be use at any home/apt. can be use as mixed and match. Love it so much. I am working each room. it will be beautiful at the end. Wonderful writer/photographer.

This is a gorgeous coffee table book showcasing some of the most beautiful homes in Hawaii. We vacationed there this past October, and we plan on retiring to Maui. I am gathering information for when we make the move, we will be informed and ready.

Beautiful Book, great condition. Love it!

WONDERFUL COFFEE TABLE BOOK!!!!

I love this book lots of great pictures.

A lovely book, although not quite as modern as I had hoped. Beautiful images of "old" Hawaii houses and architecture as well as the end section delving into more modern homes. Sadly though, when I received the book and was paging through it, I discovered 5 whole pages throughout the book had been torn out.....maybe it's a good note to make, to check with the sellers that the book is indeed intact! All in all though a good book for people who own a lot of stuff, definitely not for the minimalists!

This book is a treasure trove of design ideas. Perfect for the Aloha decorator. The book is of high quality and the pictures are very professional.
