Comprehensive and Satisfactory.

The original book was damaged by water and I was delighted to find this one for a very good price.... and it came in excellent shape.

COMPLAIN LOOKING FORWARD TO SHOPPING WITH THEM SOON

Our volunteer tutors use the Steck-Vaughn GED Series to help adults prepare for the GED. These books are excellent preparation tools. They also include a pre-test and post-test to help students focus on the specific areas where they need more help.

Steck-v Vaughn books are awesome..especially the ged math.....if you are struggling and have been out of school for many years, even over a decade I HIGHLY RECOMMEND THEIR BOOKS! All you need is a month-2 months to study at least 8 pages a day and you will do great! Their simplicity of teaching is just outstanding...go get your GED, I am happy to say that their books have helped me get my ged/hs diploma...before coming across their books I was just struggling to understand the method of other books teachings and I always felt like I kept having to start over..with steck vaughn it was the complete awesome..now I am in college..and I want to help others who have had a hard time getting their GED like me...go for it you can do it!

Great study tool! Just what I needed! Looking 4ward 2 passing it on or referring the book 2 the next student.
