This book is longer than I expected and is filled with a ton of poems and cute little drawings related to Autumn. I love it!

Great

The children's board book *Precious Moments: Happy Harvest* by Jean Fischer is a collection of short-and-sweet poems about autumn, geared for 2 to 4-year-olds. If I was just going to buy one autumn-themed children's book this year, I would probably choose *Pumpkin Patch Blessings* by Kim Washburn, though *Happy Harvest* does have a nice selection of poems and illustrations. I loved collecting *Precious Moments* figurines as a kid, so I enjoyed looking through the pages of *Happy Harvest*, which feature *Precious Moments* themed drawings. Along with poems by Fischer, the book includes Bible verses, short poems by famous authors (such as Robert Louis Stevenson) and traditional poems (such as "I see the moon, and the moon sees me, God bless the moon, and God bless me!" One of my favorite pages, entitled "September," showcases a quaint drawing of a little girl holding a basket of apples, along with a four-verse poem by Helen Hunt Jackson "The goldenrod is yellow; The corn is turning brown; The trees in apple orchards[,] With fruit are bending down."\*I received this book for review\*

*Precious Moments* has been around for as long as I can remember. In fact, my very first kids Bible when I was a little girl was themed with the well known illustrations. I'm pleased that the lovable characters and charming imagery continues on to new offerings. Speaking of which, you can only imagine my excitement to learn of the *Precious Moments: Happy Harvest* book. This wonderful collection of Bible Verses, Quotes, and Autumn themed poetry is it the perfect offering to enjoy during the Fall season with each one of my three children. *Counting Your Blessings*, *Fun on the Farm*, *Foot Ball Fun*, *Apple Picking*, and many more wonderful things about the Fall season are covered in this title. Throughout there are familiar and some new to me illustrations that tie in perfectly to the themes at hand. Children will learn or be reminded of all that they have to look forward to and be grateful for. I like Bible Verses are included. These verses can be used to as memory scripture if one so chooses. Many of the verses are about being grateful and the promise of God's provision. The book is in board back format so even the youngest children can start flipping through the book. It's small in size so it's a great bring along anymore book, in my opinion. I feel I'll be reading this one a lot over the season for the kids and for myself! It's definitely a great seasonal book to add to our home library! I will probably always be partial to Precious Moments books and bibles because when I was a child I got to meet Sam Butcher who created Precious Moments, during a visit to the Precious Moments Chapel in Carthage, MO. His artwork has touched my life so much. This book and anything Precious Moments is an extension of that! What a cute little book! This is a very short, but very sweet rhyming book for young children. It is beautifully illustrated as well and each poem has an illustration to match it. The entire theme was Autumn and the book was very consistent throughout. Every other page had a biblical verse included at the bottom that flowed with each poem as well. Very well thought out little book. I think this would be an easy book for young readers and definitely a great reference book. The book has 32 pages and it's definitely meant for ages 3+. It's a board style book too so the cover and pages are very thick and smooth. I loved this book and cannot wait to gift it to my children at Thanksgiving. This book would make a great gift for anybody who is also a fan of Precious Moments collections. A must have, for sure. \*FTC DISCLAIMER: This book was provided to me complimentary from Book Look Bloggers in exchange for my review!\*

This board book is a great size to throw in a purse or diaper bag so that little ones can have a fun book on hand when you are out in the world. I also think that parents and cuddle bugs alike will love snuggling up to read the Bible verses and short poems that make up the text of Precious Moments: Happy Harvest. There are many different sections in the book ranging from back to school and fall leaves all the way through Halloween and Thanksgiving. I liked that the Halloween section wasn't too spooky, although I was still surprised at the amount of traditional Halloween imagery and a Robert Louis Stevenson poem that is a little intense for a child. I much prefer for G to read about leaves, hayrides and pumpkins and none of that scary stuff. The illustrations are so darling. I think G's favorite part of the book were the illustrations. He loved seeing all the children and especially the turkeys. With fall on the way and lots of things to do this book could be a great item for parents to have stashed in their bag. Busy hands are quiet hands and what better way to busy than with a book? I think many parents and children would enjoy some quiet time reading Precious Moments: Happy Harvest. I received a copy of Precious Moments: Happy Harvest from BookLook Bloggers in exchange for an honest review, all opinions are my own.
