Rainforest Publications specializes in the Wildlife and Natural History of Central and South America. Our wildlife guides are the perfect companion if you're a naturalist, bird watcher or adventure traveler. Our illustrators are tops in their field of interests and spend a lot of time in the wild and studying the species they illustrate. Most live in Costa Rica. Our scientific staff continually updates the guides so the information is complete and accurate. Our print company is locally owned by its employees. Our guides are printed in the USA on recycled paper.

This compact guide will be helpful with SOME, but by no means all, Panama reptile and amphibian identification, but can not replace more complete bird and mammal guides for the country (birds) or

region (mammals). The plastic laminate covering will help protect the guide under most weather conditions. I look forward to using it!

I didn't realize this is a one page laminated pamphlet, approximately 8 1/2 x 26 inches. It is really nice, with good photos but no detailed information. Not the book I expected.

Came promptly, as described
