The Franko's maps of the Hawaiian Islands take up little space, are made of waterproof material, and provide not only a good map of the area, but also highlights some of the favorite things to see or do on the islands. I have most of the maps that include: The Hawaiian Islands, Oahu Guide Map, Oahu Dive Map, Maui Guide Map, Maui Dive Map, Hawaii Guide Map, Kauai Guide Map and Kauai Dive Map. Six of the maps were available from .com with free shipping, but two had to be purchased from independent vendors on and charged a small shipping fee. For the few dollars I paid, it was well worth it to have a great map that folds up and takes little space in my suitcase. Once I get to a particular island, I take it with me to know where I'm going and where I've been. Bring along a Sharpie pen to mark the places you've been or want to return. The back side of the map has a blown up area of popular places, for example, Oahu has Waikiki Beach and the placement of hotels and landmarks. I highly recommend these maps for getting around the islands.

While this was not truly laminated (and thus not waterproof) as the vendor had previously stated, I appreciated his diligence with customer service to resolve the issue. I will add that this map offers fantastic information and many detail [f&A](#) - [f&A](#) • I'm planning to laminate it myself.

Shows all the beaches and areas of Maui. Great color and nice material it is printed on.

Good resource for Maui.

Save the \$\$, pick up a freebie. Nothing 'wrong' with this map, provides a map and a few details, but nothing the freebies don't and not enough detail to actually plan a trip. Kinda stuck in an unneeded niche.

This is an inexpensive guide to Maui. It's only a map, so there isn't a lot of room for details. But, it does point out several hard to find places on the way to Hana and some hidden beaches on the west side. I'd buy again.

A must have for traveling to Maui. This map not only has great routes, but it is waterproof and has a lot of descriptions and suggestions of places to see that may not be in a guide book.

As described. Shipped quickly. Great seller. Thank you!
