In addiction and recovery circles, Melody Beattie is a household name. She is the best-selling author of numerous books, including *Codependent No More*, *Beyond Codependency*, *The Language of Letting Go*, *More Language of Letting Go*, and *52 Weeks of Conscious Contact*. Her first book, *Codependent No More*, was published by Hazelden in 1986. Melody's compassionate and insightful look into codependency--the concept of losing oneself in the name of helping another--struck a universal chord among families struggling with a loved one's addiction. Twenty

years later, the concepts continue to ring true for millions worldwide, as the book has sold more than four million copies and has been translated into more than a dozen languages. Melody currently has 13 titles with Hazelden and several more with other publishers. One of Melody's more recent titles with Hazelden is, *The Grief Club*, which was published in 2006. This inspirational book gives the reader an inside look at the miraculous phenomenon that occurs after loss--the being welcomed into a new "club" of sorts, a circle of people who have lived through similar grief and pain, whether it be the loss of a child, a spouse, a career, or even one's youth. She writes, "There's a secret to getting through loss, pain, and grief. If we're alone we can't see who we are. When we join the club, other people become the mirror. Through them, we see ourselves and gain an understanding of what we're going through. Then slowly, real slowly, we learn to accept who we see in the mirror." In 2007, Hazelden published Melody's newest title, *Gratitude*, a beautifully illustrated collection of passages from Melody's earlier work that encourages readers to reconnect with what's truly important in life--the everyday blessings that are ever-present and ever-sustaining. Me gusta mucho este libro, me a ayudado bastante a entender a una persona que no hay nada que puedas hacer para ayudarle, mas aun si sufre de una enfermedad mental. Lo recomiendo mucho para alguien que tiene una relaciÃ³n con una persona con problemas mentales como depresiÃ³n, otros problemas mentales, alcoholismo y personas narcisistas (egocÃ©ntricas).

This book came highly recommended by a health professional. This book has been used in therapy

groups. It's really helpful for family members of Alcoholics. I don't think as a society we realize that, one addict affects the entire family. We each play a role in a messed up play.
