## Customer Reviews

This book has great ideas for the Instant Pot. I use the cooker almost every day and wanted to get the most out of it. This book has been helpful. If you have an Instant Pot or any other brand of electric pressure cooker this book is for you!

This is a great book for any IP user. Lots of great recipes and info.

Decent. Wouldn't have paid for it, but decent recipes for free.

Excellent cook book highly recommend for people who just purchased an Instant Pot!

Book is okay, but honestly I have found so many more (and better) iPot recipes online.

Index shows page numbers to find recipes, But there are no page numbers on the one I just return for that reason, you would have to flip through the whole book to find anything.

The Instant Pot is a great cooking tool! Loved trying these recipes.

Very good book for people who are new to cooking in the instant pot. It covers all the ins and outs..
