# Indestructibles: Jingle Baby

## Synopsis

Jingle Baby is the perfect stocking stuffer or gift for baby's first Christmas. The tree, the decorations, the gingerbread house, the gathering of family and friends—it's a lovely story of sharing holiday traditions. And this book holds up to even the stickiest of candy-caned fingers: It's 100 percent baby-proof, chew-proof, rip-proof, and drool-proof. Printed on a unique nontoxic, paperlike material that holds up to anything babies can throw at it—gumming, spilling, dragging across the floor—Indestructibles are the little books that could. And if they get dirty, just throw them in the dishwasher or rinse them in the sink. With more than two million copies in print, Indestructibles are the books built for the way babies read.

Kate Merritt is a France-based artist who's worked on numerous children's magazines and illustrated picture books. ~ Amy Pixton, a mother of triplets, created Indestructibles after bits of traditional board books found their way into her babies' mouths. ~ Amy lives in Kansas City with her husband and their three children.

I was very pleased to find these indestructible books for babies. I was looking for the cloth books

like the ones my kids had when they were little. I couldn't find anything & then I came upon these. They are everything that I wanted, and more! Yes, babies do chew on their books (and everything else) & they contain nothing harmful, can actually be washed in your washing machine and they are also made in the good old USA! A great product for a very reasonable price!

I love the idea of these books (finally something my toddler can read without tearing apart), as well as the bright, vibrant pictures and cute drawings. However, my daughter doesn't seem all the interested in them because they are less like books and more like pamphlets. They have no spine, or heft - basically just printed, baby-proof paper. They seemed a bit pricey for what they ended up being.

We have these at a childcare facility I work at, and the babies love them! I bought some for my nephew and he chews all over it. This is a great product to help with motor development and introducing children to books! Way cheaper than retail price too. I've seen them for 4x the price!

great books for the little ones. colors are brilliant and images are wonderful! AND you can wash them in the Washing Machine!

These books are so awesome! I love to give them to new moms!

Grandson loves it.

We LOVEEE our indestructible and this one was great for Christmas time. Such amazing books for throwing in the car, diaper bag, anywhere, can wad them up, wipe them off, they can't be destroyed...so great for the wee ones!

This book is so cute. All the Indestructible books are excellent for babies. They feel like paper, but are truly indestructible. They can even be thrown in the washing machine and ironed flat again.
