Customer Reviews

My toddler loves this and even though Hulk can be a bit violent, they explain his strength and showed a gentle side.

Another of my grandson's favorites. He "pretends" to be the Hulk (fists & teeth clenched) as I read this to him. Fewer words on each page make reading to young children easier, holding their attention long enough. These books are also sized perfectly for little hands & arms to hold as they "read" to themselves.

Great book for my 4 year old and prompt service!

Came quickly, totally satisfied!

Could have been a slightly better story, but not bad overall. I was looking for a golden book for my son that would be different from the typical Disney ones we already had and I found these. His father and I are huge comic and action hero fans, so this and the others like it are perfect. Not only do they intro the characters to him, but the villains as well. It lays the foundation nicely for when we let him start watching the movies. I think he'll be able to identify them much easier as he'll already be familiar with them from the books.

Grand kids love this.

Love it, thanks!

3yr old loved it.
