Words Of Power: Secret Magickal Sounds That Manifest Your Desires

Synopsis

If you have a genuine desire, speak the Words of Power and magick will come alive for you. The words have been translated from ancient texts into simple English. It takes moments to read the words and then the magick happens. This book gives you the ability to avoid violent situations, attract generosity, know what people are thinking, improve luck, skills and wisdom, as well as getting support for your projects. Words of Power give you new ways to attract money, make money last longer, protect yourself, repel enemies, gain an advantage and win competitions. If you've ever done magick of any kind - whether casting a spell, performing a ritual or even just praying - this may sound too good to be true. Author Damon Brand says, 'I felt the same way when I first explored these ideas, because I'd spent a lot of time working with more complex magick. When I tried the Words of Power, the results I received convinced me that this magick works.' Damon Brand works with a group of occultists known as The Gallery of Magick and they have spent decades testing the best word combinations to create the most safe and effective Words of Power. Words of Power work because they connect you to angelic forces with direct access to divine power. But what are these words and are they safe? Is it wise to say words when you don't know what they mean? All the words in this book are Divine Names derived from The Forty-Two Letter Name of God, holy words and angelic names, making them completely safe. The book now contains an explanation of the words and their origins. The magick power comes from the way these words are combined, and the emotional transmutation that you apply during the ritual. No special pronunciation is required. If you can read English, you can say these words. You will discover: 25 word combinations that produce results. Rituals that require nothing more than this book. Magick that can be performed in private. Emergency magick for instant results. A brief activation ritual that switches on the words. Damon Brand says, 'Magick is about getting results in the real world, and that is the promise of this book.'

Damon Brand has published twelve best-selling titles, with well over a thousand five-star reviews. When he was twelve years old, Damon discovered that magick works. He became friends with other occultists and they formed a group working to explore the boundaries of the possible. There are seventeen members of The Gallery of Magick, and they have experimented with countless magickal ideas, always trying to get better results. Over several decades they have refined their methods to create magick that works.

This is kabbalah based, safe, and unbelievably effective! I have used "make your money go further" and "be the center of attention" with exactly the results I was seeking. My household utility bills and general expenses were significantly lowered the last two months. Money IS going much further. That in itself paid for the book many times over! As far as being the center of attention goes- I'm actually an introvert and NOT someone who desires a lot of attention, but I used this option over something more punitive because I prefer to walk softly and carry a big stick. My husband and I had to go somewhere that his attention seeking jealous ex wife would be attending as well, and on my birthday no less. I could have used other means to really do some damage, but I chose the "be the center of attention" ritual knowing that it would eat her up if noone paid attention to her and I was receiving attention. It worked. I was a little nervous that it would be too much for me to handle, or the wrong kind of attention, but it was perfect. PERFECT. Happy Birthday to me!! I'll save the big stick for another day. This is beyond simple. No circles, fasting, abstinence, incense or long winded conjurations. (All of that has it's place for other goals)

Another great book from Damon Brand. Practical and to the point. Unlike other magickal books - Damon cuts through all the fluff and gives it to you straight. And like all his books - reminds us that there's not need for Full Moons, colored candles & standing on one's left foot to perform magick - just the power of Words & Belief.

It took me a little while to feel results with this, but once everything kicked into gear I realized this

one is far more subtle for results. The first rituals that were really effective were "Make Money Go Further" and "Attract Generosity From Others". These felt like they worked together, because I had people randomly help me with money and other things when I didn't even ask. Even in cases where people had to go out of their way to help me, they were doing it, and for me that was pretty amazing. As a note, even if this doesn't work right away for you, just keep working with it. I had to practice for about 3 months before I really saw results with it. With Damon's Angel book I didn't see strong results for 6 - 9 months, but I also had a lot of blockages that I needed to deal with before the magickal flow started for me. If I can get this to work, anyone can. I'm not special, but I am persistent and this stuff 100% works if you give it enough time and practice with it.

Let me say that one very special event happened for me a day after using 'make money go further' from this wonderful book. I have all of Damon's books and I can say that his style of presenting brings Magick closer to us and personally I can say brought me from mostly being an armchair critic to practically applying and receiving real results! Thank you for changing my life Damon.

Damon has done outstanding research and exploration and now shares his knowledge with us. I am really impressed by the techniques and the way how they are presented in this book. Instructions are clear, techniques work wonders. Thank you very much, dear Damon, for helping me to believe in magic again and reinvent my life.

This was the first GoM book I ever bought and the results were fantastic! And, I'm not saying that lightly. I have been using magick (among others) since I was about 9 or so ("imaginary friends" and so on). The first "spell" I have ever done was from an old book I came upon in the school library. It worked. And I have been actively searching for books and other occult material since. I have done and tried many and some work but most probably do but never fast enough or effective enough. GoM magick works, and it works very quickly. Prior to buying this book, I had just recovered from depression and was just getting my life back in order. This book, and others from the GoM and Mr Brand, helped speed things up for me.

This book is WONDERFUL..I've been using the words of power for different situations, and I will tell you they work..don't let the small number of pages in this book fool you, there is ALOT of substance here..I have a few of Damon Brand's books and every one of them has helped me to make huge changes in my life

I love this book and it's sequel. I have them both in hard copy and in kindle version as well. I have found it useful on a regular basis and the information in it is extremely easy to use for positive outcomes. The author has done all the work as far as research and forming "recipes" for productive use of the information listed in this book! I refer to it often and take it with me when I travel.
