An Introduction To Film Genres

Synopsis

A brisk, accessible, and informative introduction to film genres. An Introduction to Film Genres, written by leading film scholars specifically for undergraduates who are new to the study of film, provides an introduction that helps students see thirteen film genres in a new light---to help them identify the themes, iconography, and distinctive stylistic traits of each genre.

This book was a requirement for my film studies class. It was pleasant to read. More of a summary of each genre and easy to comprehend.

Book for my son's college class. He said it was very interesting and useful.

Interesting material, but a bit dense to read at times. I had to re-read pages often times to grasp the information.

Great book for class and for info in general.

Perfect!

The book's great. Though I wish it could be packaged better next time
