## Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for the Caribbean and other locations worldwide.

These small laminated maps are pretty cool to have around. Laminated so they can go in the same bag as your wet snorkel/scuba gear. Its also like a treasure hunt for kids snorkeling, trying to mark off which fish they saw. Great map, will take them with me in the future from now on.

Super small. I kept it because I did a presentation on Bermuda and needed a visual but nobody could really see it, I ended up having to pass it around. Couple people complained they couldn't see anything .
