Kingdom's Quest (Kingdom Series)

Synopsis

He was called to fulfill a mighty quest, filled with fierce battles. A quest to bring hope to the kingdom. Having narrowly escaped death at the hands of the evil Shadow Warriors, Sir Gavin is given a new name by the Prince to signify his new allegiance to the cause of the one he once swore to kill. Called to share this message to everyone in the land of Arrethtrae, Sir Gavinaugh takes up his sword and embarks on an epic journey. Winning hearts and minds with the power of his words and his skill with a sword, Gavinaugh travels from one end of the kingdom to the other, telling Outdwellers about the Prince, convincing them to join him. And though Gavinaugh is at times beaten, thrown in prison, or stranded far from home, the Prince himself guides his words, his sword, and his pilgrimage. Journey to Arrethtrae, where the King and His Son implement a bold plan to save their kingdom; where courage, faith, and loyalty stand tall in the face of opposition; where good will not bow to evil and the Prince's chosen messenger speaks boldly of his quest. I did not know what to expect from Chuck Black book. Biblical allegories are often lame and you get the feeling the author is trying too hard to make a point. That is not the case here. These books are fun to read. Chuck Black is the author of many novels including the popular Kingdom Series and The Knights of Arrethtrae series. Each story is strong enough to stand on its own. I have 10 kids, and each of the readers enjoy the books. Even kids who are not familiar with the different Bible stories will still be on the edge of their seats. My wife has read all of them aloud. Our children are familiar with Bible stories, and they "get" what is going on. It adds another whole level of interest as they try to link the story they are hearing with the stories they already know. But, that usually happens after each episode, since some of the segments are so tense they are completely lost in the story. Then, after reading to them we hear "Please! One more chapter!" This is a refrain I hear nearly every night.

I love these books. I have finished this series and started on the Knight series. I'm going to read all of Chuck Black's books. Also, I am starting a Bible Study for kids between ages of 7-13 and using these books for the study. At the end of each story is a list of questions for each chapter plus answers. This I believe will be a wonderful study for them. Mr. Black has taken the Bible and changed it to Medieval times and has stayed true to the Bible. I really didn't remember even purchasing the first book on my Kindle I happen to start reading it and realized it wasn't the first one in the Kingdom Series so I had to get the first one. The wonderful thing about a Kindle as soon as you finish one book you can immediately buy the second book. The only thing after reading these books I wish I would have bought the actual books because of the study but I can still make due. I highly recommend these books for any age starting from 7 up. Of course, for an adult they are an easy read still a wonderful read! I hope Mr. Black continues to take stories from the Bible and write many more books!

This series of books is wonderful. We purchased the first 2 books at a homeschool convention to bring home as a gift and my 9 year old (at the time) son gobbled them up. He LOVES them and even understands the connection to what he's read in the Bible, which is really neat to hear when he explains to us what he's been reading. After a short break to finish some school assigned books he is back to this series and couldn't be happier.

sent as a gift to a boy who loves to read story is imaginative and follows the Book of Revelation.

Something like Lion Witch and the wardrobe with Biblical values.

My son loves this series. Great biblical allegory throughout the books. I love that there are comprehension questions in the back that include biblical verse references. I would recommend this series to others.

I liked that it's set in mid evil times and represents the Bible. Awesome character development. I don't like how people die at the best parts! I recommend this book for Christian young people or non-Christians. I rated this because it's a good book, full of action and adventure. The setting makes it more interesting. (Above review written by my Grade 7 class. I read the book aloud to them and they LOVED it!!!!!!)

My son loves this series, he's 10. And always asks me for the next book. Glad to give him something with content I don't have to worry about. He prompted my husband to read a particular scene and even my husband commented on how well the books are written. Great service from which I ordered as well.

I read this entire series for the first time when I was 12 years old, and since I had borrowed it from a good friend, I wanted to get my hands on copies for myself. Since I received them, I have lent them to yet another friend of mine! This is a series that both boys and girls of all ages can enjoy :)
