Lithuanian Beer: A Rough Guide

Synopsis

Lithuania has one of the most interesting beer cultures on earth, but it's a beer culture that is almost wholly unknown outside the country itself. This guide explains what is so special about Lithuanian beer and helps you choose the right places to go and the right beers to drink. I've travelled to Lithuania a number of times over the last four years to learn as much as I can about Lithuanian beer, and this book summarizes what I've learned. It describes the various styles of beer made in Lithuania, the main breweries, and where to find the beers. It also gives some cultural, linguistic, and historic background.

Customer Reviews

If you want to make the most of your stay in Lithuania and avoid wasting your time on boring beers, this one is for you. A potted history and other useful background information, too.

This book is a great overview of traditional Lithuanian beer styles. It goes into some detail about methods and ingredients, and shares information about breweries of all sizes, beers themselves, and beer bars around Lithuania. A great resource. Now I need to book a trip to Lithuania!
