Okay

I am going to keep it in my kindle for quick references. Harbaugh holds people accountable to the program but also themselves.

in less than 30 minutes you get actionable stuff to take back to your organization. better than reading a big business book. this gives you all the meat and no fluff.

Short read with the basics on focus, discipline and why metrics matter. It'll only take you an hour to read and reset on these meaningful principles.

Well put together like all previous case studies by these guys, well worth reading if you're serious about your coaching or business life.

Captured the ideas that Jim has used to turnaround 4 organizations, the comeback kid is doing it again at Michigan.

Simple, easy to read, and some awesome tactical leadership strategies!

Excellent guide.
