## Synopsis

Sydney is probably the best-known city in Australia and this 2nd edition map benefits from trips we have taken to ground-truth the information. It is attractive, pertinent, and easy to use as a map. As with many of our international city maps, we have re-worked this title into a double-sided map with the eastern half of Australia on the reverse side, thereby enabling users to use one map to visit everything from Melbourne to Brisbane to Adelaide. Darwin is just off the map, but Alice Springs squeezes on barely. As with many of ITMB's map this edition is freshly printed on waterproof paper, more for its durability in the case of Australia than humidity.
