Good book

Came in great condition and had lots of interesting points.

I needed this book for a humanities course for film appreciation and I just needed to know some vital facts about the world of film, editing, sound, mise en scene, etc. This book contains all of that information in a short, well-written, paperback version of the facts. Great price!

Bought this book as a requirement for "Writing About Movies" class. I could've just Googled terms instead and saved my money.
