Flavored Butter Recipes: Make Your Own Homemade Compound Butter (Recipe Top 50s Book 123)

Synopsis

There is no magic in the kitchen without butter. This dairy product is one of the most basic ingredients in every household, since most dishes depend on it. Flavored butter, also called compound butter, is butter in which extra flavoring has been added, such as spices, herbs, and various other ingredients. This makes adding incredible flavors to your dishes very easy. This recipe book will teach you the steps to create perfect and deeply-flavored homemade butter. It contains the recipe for making plain butter, but we suggest you to make the cultured version so you can notice the significant difference in taste. Once you have used up the cream in your kitchen and turned it into a sophisticated butter that melts in your mouth, try the many flavoring recipes to add an explosion of flavor to your homemade butter. For extra convenience there are cooking suggestions for each recipe but don't be afraid to use your own imagination! You can make as many as you want and simply put them in the freezer to keep them fresh for months. Before freezing, divide the butter in easy portions so you can use as much as you want whenever you want. - - - - -

Customer Reviews

If you are a novice like myself and are just learning how to prepare different foods and flavors, this book is a great book. Having no experience with food at all, besides the eating of it, this book has a great many ideas of how to prepare flavored butters for many a various occasions. The butters are fun, festive; the few pictures are bright and look oh so good. This is a great place to start on recipes for dinners, cocktail parties, etc. There are butters made with nuts (hazelnut, almonds, peanut); seafood; chocolate and spices such as basil, tarragon, chives and many more. I give it a four star because it is a near complete book. I was a bit bummed to see that there were no butters made with fruit. I guess that calls for another book or some experimentation on my part (ew! did I just say that :P Anyhow, Enjoy.

Flavored butter can add more to a dish then you could believe the butter along add a lot but when you add in flavors that takes your food to a whole new level. Thank you and enjoy your day.

I love real butter and there are some fantastic easy recipes for many many flavors in this book.

this is going to be so much fun making and sharing, very happy

These recipes are tasty.

Great flavors. For all kind of dishes.

I like this it has some great do it yourself butter making that turns out great

What better way to enhance your food. I love all the cookbooks from Julie. Wish I could have all of

her recipe books I a paper edition. Have quite a few on my kindle.
