Customer Reviews

There are some interesting recipes in this book. What I like is that there is a pic for every recipe except in her bonus recipes. Now what I did not like is that the book is not professionally edited. There are misspellings and clumsy wordings in the book and some directions that are not clear. This is not as good as some of her previous books. The reviewer is the author of the Kindle book entitled:

Sex Education for Adults Secrets To Amazing Sex and Happily Ever After Too

Chef /author Nancy Kelsey has many books to her credit and our enjoyment. *~f~c~ â -~ â œ*
CROCKPOT RECIPES, PALEO SLOW COOKER, MEATLOAF RECIPES, GLUTEN FREE
BREAKFAST, SMOOTHIES FOR WEIGHT LOSS, SLOW COOKER BREAKFAST, QUICK AND
EASY RECIPES, LOW CARB CHICKEN RECIPES, SEAFOOD RECIPES, EGGS FOR
BREAKFAST RECIPES, SLOW COOKER, PRESSURE COOKER RECIPES and now she adds
BREAKFAST RECIPES. She has covered the spectrum of quick but healthy and nutritious
meals. Without the need to explain or define or defend the well-known and accepted concept of
starting the day with a nutritious healthy breakfast, Nancy simply opens her book with 50 of the
breakfast recipes she considers to be the most delicious. The recipes range from Slow Cooker
Recipes, Bacon Waffles, Pancakes, Breakfast Shepherd's Pie, Creme Brulee French Toast,
Crumpets With Cheese & Bacon, Crunch French Toast, Peppered Sausage Gravy and Biscuits,
Blueberry Almond Crepes, Egg Lasagna, Toad, Belgian Waffles, Eggs Benedict Wrap, Banana
Bread Muffins, Egg and Bacon Tarts, and more. 50 winners in all. As a valuable bonus she adds 30
Easy Crock Pot Recipes! Each of the recipes in the book is accompanied by a color photograph of
the finished product, prep time, cooking time, servings, and ingredients, cooking directions as well
as some variations with each dish. Easy to follow, easy to prepare and very delicious end product!

Breakfast Recipes: 50 Quick and Healthy Breakfast Recipes (Quick & Easy Breakfast Recipes,
Delicious Breakfast, Everyday Recipes) by Nancy Kelsey Each recipe starts with a title, color photo,
prep and total time, servings. List of healthy ingredients and you should be able to substitute for
your dietary needs. Directions on how to make the dish are included. No nutritional information. Lots
of bonus recipes at the end along with other works by the author. Most of the ingredients are fresh
and healthy. Not liking that you use hash browns out of the freezer to use-they are so processed and
have too much sodium for our diets. Gonna try making them from potatoes where I control the
spices and herbs used and store them in the fridge for quick useage.

Good selection of some tasty breakfast recipes, but healthy they are not. Plenty of butter, bacon and
syrup for the good, old fashioned breakfast lover. Some recipes show substitutes to cut down on the
fat, but most do not. I'm not a health nut, so no big deal, but misleading title.

Breakfast Recipes has a variety of recipes for every pallet. These include Bacon Waffles, Breakfast Shepherd's Pie, Blueberry Almond Crepes, Egg Lasagna, and Banana Bread Muffins. I'm not sure I agree that they are healthy - plenty of bacon and butter is used in many of the recipes. The book also could benefit from a good editing job, as there are quite a few spelling and punctuation errors. Readers looking for new breakfast recipes who are not overly concerned about them being healthy, will find this book useful.

I love Brunches and the kids and grandkids are all big breakfast fans so I was excited when I was offered this book. The pictures are great and the recipes are good but sort of the same old same old - not necessarily super healthy. The two of my kids that cook for their children are very conscious of breakfast, fats, bacon etc. So you could take the recipes in this book and make them a lot healthier.

Breakfast Recipes: 50 Quick & Healthy Breakfast Recipes is a great cookbook to have when you have guests and want to surprise them with a healthy and tasty breakfast or just when you cook for yourself. I liked it gave prep time, cook time and number of servings at the beginning of each recipe along with a picture of the food prepared. The ingredients were listed clearly and the directions are easy to follow.

I have to admit that I am a very lazy cook, so the fact that these recipes are designed to be QUICK is what caught my eye. Unfortunately, I'm the type that is more likely to pop something in the microwave or toaster than to cook something, but if you enjoy cooking, even when you don't have much time, then you will enjoy this set of recipes.
