Customer Reviews

"Very interesting bios that kids will relate to."

Thought I knew a lot about Michelle Yeoh, being a huge fan, but respect her even more know that I know more about her.

I was doing a biography at school and the minimum number of pages in the book was 100. I thought that this book would have enough info in it but I had to use several websites as well :-(. If you or

your child is doing a bio I suggest finding a different book especially if you're doing a timeline.

this book is wonderful i loved it because it is not only about Michelle Yeoh but it is also i book about her life. it tells me about how her life and career was.
