Zap-It! Microwave Cookbook 80 Quick & Easy Recipes

Synopsis

Whether one is a busy parent with little time to prepare meals, or a college student needing to cook all of their meals in a microwave oven, many people find that there are occasions when microwave cooking just makes sense. Microwave cooking is fast and convenient. There is no need for the microwave to be relegated to simply heating drinks and leftovers. With a few ingredients, a complete and tasty dish can be made right in the microwave. This cookbook contains 80 tasty recipes that can be easily cooked in a microwave oven.

Customer Reviews

Katherine Hupp is a native of West Virginia and lives in the rolling foothills of the Appalachian Mountains. She is a wife, mother and grandmother and enjoys country life. She spends much of her time gardening, cooking, canning and raising animals. Her hobbies include reading, writing, crocheting and stained glass. Other books by Katherine Hupp that you may enjoy: 1) Waffle Recipes: Wonderful Waffles and Syrups Cookbook 2) Everything Zucchini Recipes Cookbook: Zucchini Breads, Muffins, Main Dishes, Desserts, Jams & Marmalade 3) MUFFINS: 50 Appetizing Muffin Recipes with Nutritional Information 4) Perfect Pie and Pastry Recipes: Homemade Dessert Pies Made Easy Cookbook 5) Satisfying Slow Cooker Recipes: 41 Easy Crock Pot & Slow Cooker Dishes Cookbook 6) Raising Backyard Chickens From Eggs To Egg Layers 7) Names For Cats and Kittens: More Than 2000 Names For Male and Female Felines

I have been waiting for a microwave cookbook. With a family of five I often need a meal fast with our crazy schedules. This book contains 80 great recipes to try, from barbecue chicken to side dishes,

desserts and sauces. The beginning has a basic intro of how to cook in the microwave and what to use and not to use, which I found very helpful. I personally can't wait to try the chili, the blueberry muffins, casseroles, and the chicken. Highly recommended and a great price.

This is a great book with delicious recipes. A great book that you must have. I only gripe is that there is no photos. Other than that it's great. Awesome job Ms. Hupp and I hope you make another cookbook.

This is very interesting. I had not realized how many things (besides frozen dinners) could be cooked in the microwave!

Many good recipes for any meal I recommend it for any body needing quick and easy recipes that taste good

Thank You

Gift for my in laws since they are doing more microwave cooking.

It was ok

Although I am a pretty decent cook and enjoy cooking very much, I have to admit that I viewed the microwave as nothing more than a "food warmer." Katherine Hupp's little collection was a great eye-opener. With a busy family with late baseball practices or art classes, sometimes cooking a nice meal isn't a great option for a weeknight dinner. With these microwave recipes, I can still cook good meals, but without the tied up time (or the sink load of dirty pots and pans!) Ms. Hupp has broken her collection down into "Main Dishes" and "Side Dishes" categories, with a linked table of contents to make finding the perfect recipe as easy as a touch on your Kindle screen. From easy barbecue chicken to loaded omelets, you can find nearly anything you are craving, converted for the microwave. Recommended for anyone who loves great meals, but can't always find the time.
