Best Purchase that can ever be made. Mamma Mia! Have you ever been stuck in traffic with nothing to listen to? I know I have. It's horrific. But I guess that's just the Name of The Game. There is one true way to fix this. Does your Mother Know about ABBA Gold: Greatest Hits. You don't have to be a Super Trouper in the car, you don't even need to send out an S.O.S. Simply take the CD out of the case and pop it into the CD player. Not only will you become the Dancing Queen, you will also be saying "Thank You For The Music." Unbeatable Dance Songs From Voulez-Vous to Lay All Your Love on Me, this iconic CD features some of the songs from Mamma Mia! The Musical. It also Features other songs like Fernando and Chiquitita. Knowing Me, Knowing you, you'll most certainly want to get up and dance. I wouldn't

recommend it though. You may be asking, "Why do I need the CD when I can listen to ABBA on Spotify?" I'll tell you why: Non. Stop. ABBA. Gold. Greatest Hits. It's as simple as that. The CD plays on repeat, and you only pay the price ONE time, no monthly fee, guaranteed! Car Rides With this CD on your side, there is no chance that you will get bored in the car. You'll even want to take it inside and listen to it frequently. Each song on the CD is like a new adventure. I can't make promises, but, if you listen to it enough, your livestock judging team should improve in creativity. Mood Improvement! This CD will most definitely improve your mood tenfold. If you're having a bad day, the wide variety of songs will quickly turn your frown upside down. It is the easiest fix when storm clouds are overshadowing your day. If there are dark feelings on your horizon, this is the CD for you. ABBA is by far one of the best bands of the 1970s. They are a Swedish band whose first hit "Waterloo" is included on this Gold CD. I have a dream that you will want to be prepared for the ABBA reunion tour in 2018. During the concert, through your knowledge of all these songs, the band is sure to ask you to be "One of Us." Drawbacks You may be wondering, "There has to be some negatives to this CD, aren't there?" Yes, there are. The biggest negative is that you could certainly get caught being a distracted driver! You will want to dance non-stop in the car. Another drawback to this CD, you'll be upset that you didn't buy two. Treat it like the treasure it is though, you'll want to be careful to not scratch it, that would simply ruin the golden voices that pour out of this CD. Affordable! The best part? It doesn't even cost the much Money, Money, Money! With the sweetened deal, you should be saying Gimme! Gimme! Gimme! After all, The Winner Takes It All! You don't even have to go all the way to Waterloo to get it. This CD simply says "Take a Chance On Me!" Order your copy of ABBA Gold: Greatest Hits while you still can!

Even if you weren't "around" in the mid-'70s, the music created during those few short years by ABBA will stand the test of time. The '40s had the Mills Brothers as the high-priests of harmony; in the '50s it was "The Platters" and the "Everly Brothers"

I have a LOT of CDs. I am slowly replicating them with MP3 files. Some I rip myself as they are not even available in MP3 format, but others I am getting from Music. Love that you can just buy the songs you want. At times I buy the entire album, but sometimes just certain songs. Thanks again for

giving customers what they want. BEATS THE HELL OUT OF ITUNES FOR SURE.>^..^

I admit that I became interested in purchasing in this collection of Gold Greatest Hits by Abba after watching the Mama Mia movie with my husband around August 2009 (when we were living in Orlando, Florida). There are multiple good songs in this collection that are played during the Mamma Mia movie and are also featured on this cd such as Lay All Your Love On Me, Does Your Mother Know, Dancing Queen, and more.

Gotta have it for the collection. ABBA grows on you, originally I hated disco! However, my memory has softened and I need to hear ABBA and the BeeGees, and Donna Summer and Karla Bonoff once in a while. This album will provide the "fix" if you need it too.

Music from this group still pops up on playlists, in movies, etc. and it obvious why that is. Songs are good to sing along to, listen to on a road trip, or kick by and use as background music for any number of things.

Great album. Luv the songs. Unfortunately, one side of record two had damaged grooves. Something with the pressing must have went wrong, because it was full of small pits. The sound was distorted, as a result. Luckily, made it easy to send it back and get a quick replacement. So, all is well.

My daughter purchased a retro record player and she loves the music that her parents used to play when she was little. If you like ABBA, you know that this is an essential part of your music collection. ABBA is not for all, but awesome if you love this sound.
