The Yellow Envelope: One Gift, Three Rules, And A Life-Changing Journey Around The World

Synopsis

After Kim and her husband, Brian, decide to quit their jobs to travel around the world, they're given a yellow envelope containing a check and instructions to give the money away. There are only three rules for the envelope: Don't overthink it, share your experiences, and don't feel pressured to give it all away. Through Ecuador, Peru, Nepal, and beyond, Kim and Brian face obstacles, including major challenges to their relationship. As they distribute the money to people they encounter along the way, they learn that money does not have anything to do with the capacity to give but that it is the giving of ourselves that is transformational.

Customer Reviews

Good concept and story. Did keep me interested as it was a true story. Makes one think of how to reach out to others. We are so blessed to live in the USA and more often than not take that for granted.

I really enjoyed this book. It is so out of the norm of what I normally read. Being an avid follower of the authors blog I wanted to show my support. This book takes you on the adventure of one couples travels around the world. Along the way they meet a lot of great people and give money away from the yellow envelope. This is a great book for anyone who likes a little adventure in their lives.

I just finished The Yellow Envelope and cannot get over how brave and beautiful Kim Dinan is as a

person and author. As I absorbed her story, I felt as though I traveled not only the world, but with her on her journey of self - discovery. I laughed out loud and cried tears of joy and inspiration. No matter where you are in life, Kim and The Yellow Envelope will find a way into your heart and you will be blessed.

I met Kim and Brian briefly during the trip that inspired this book, and I can say this accurately portrays not only their experiences, but those of so many people who hit the road, and take the risk. Beautifully written. It's a page turner!

I really loved this book. I have always wanted to take time off and travel the world freely. Kim does this but also overcomes marital issues along the way. I'm inspired by her courage and determination. The yellow envelope adds an interesting layer to the journey. It has inspired me to take a yellow envelope of my own on my future trips. Anxious for her next book!

Renews your faith in humanity! Great read. Loved the characters and enjoyed seeing the world through Brian and Kim's eyes.

Thoroughly enjoyed reading the adventures of Kim and Brian. Most importantly, witnessing their transformation through the catalyst of the yellow envelope is inspiring. I highly recommend this book for all who are afraid to take that leap of faith into their dreams.

I loved this book and finished it in just a couple of days! Refreshing honesty and descriptive detail of the places Kim and Brian traveled! I chose this for this month's book club pick, and I hope the other ladies in my book club love it as much as I did! I'm sure they will. It's very uplifting and inspiring! Thank you for your beautiful words and sharing your story, Kim!
