Minecraft: Combat Handbook (Updated Edition): An Official Mojang Book

Synopsis

Revised edition with the most up to date stats, info, and sixteen pages of brand-new material! In Minecraft, you're never alone and the threat of attack is constant. How will you survive? The Official Combat Handbook now has sixteen additional pages with brand-new content. This book will teach you everything you need to know to defend yourself from hostile monsters and enemy players. You can learn how to build a fort, craft armor and weapons, set mob traps, defeat your enemies in one-on-one combat, and battle your way out of the Nether and the End. With tips from Minecraft experts, developer Jeb, and creator Notch himself, you'll be a Minecraft warrior in no time!

Customer Reviews

Mojang is a games studio based in Stockholm, Sweden. Mojang was founded in 2009 by Markus "Notch" Persson and Jakob Porser. Markus Persson is also the creator of Mojang's best-selling game to date: Minecraft. The alpha version of Minecraft was launched in 2009, and the official game went on sale in 2011. Since then over 100 million copies have been sold, across multiple platforms. It is now the second best-selling video game of all time. In 2014, Mojang was bought by Microsoft. The acquisition hasn't changed much about the company - they still release and support games on multiple platforms, including iOS, Playstation and many more, as well as Windows and Xbox.

Mojang plan to keep their independent spirit and continue to treat their community with the respect and honesty it deserves. --This text refers to an out of print or unavailable edition of this title.

My son is obsessed with Minecraft. Me I don't know much about it lol but he was ecstatic when he got this yesterday and it has not left his side yet. It is hardcover and a perfect size for little hands. It has everything you need to know about the Minecraft combat stuff with pictures. He's teaching me some but it's confusing for the adults who don't know anything! Lol All I know is that Minecraft fans will love it.

my son collects these books and really enjoys reading them - which is amazing because he's not really an avid reader. I will try just about any book that will hopefully start him on a journey towards a love of reading. As far as content, these are information books for Minecraft users, but I wouldn't say I'm experienced in the game enough to know much. What really matters to me is finding books that my 8 year old can enjoy and wants to read. So these books fit the bill and I plan to buy the whole collection. has the best price so far that I've found.

great book. Excellent service from seller. highly recommended

This was a gift for my son. I purchased it along with three other Minecraft books for his birthday. He was so excited to have them! I went from being the evil mom who makes his empty the trash to the best mom ever in 20 seconds. Yay me! He really likes all of the tips and tricks found in these books, that you may never learn unless you had the book or years of experience playing the game. Some of his friends told him about some of the tips, but others he discovered himself in the book. And if you have a non-reader it's a great way to get your non-reader to read something! (Another win!) I haven't found the book on AR Book Find but there are other Minecraft books listed.

My 6 yr old can't play Minecraft yet (have told him he has to wait) but loves the book. Its properly sized and suitable for little hands. Now he wants the other in the series, hmmm need to think about that. I don't understand Minecraft (too old for that) but son loves things about it. So must be good. If the kids happy, I am happy.

My son has the original set and needed to have the updated version as it now includes information. He uses this book daily while playing Minecraft. Great resource. Highly recommend.

My kid loves it even though he barely plays the video game. The quality of the book is great. It's hardback and there are quality pictures.

My granddaughter found this book helpful however, I thought it was to advance (comprehend some of the instructions) for her age. I recommend noting age appropriation for buyers.
