Customer Reviews

Quoted by several antique dealers as "the best book on collectible radios to come out!" An easy-to-use reference guide containing more than 800 radios from the 1920's to the 1960's. Console, art deco, and table top radios manufactured by more than twenty companies are included.
1994 VALUES -- Book Description

Not a bad book--largely a collection of vintage advertisements from catalogs and magazine display ads. It's nice in that respect--there's a fair amount of information that can be cleaned from old Sears catalog ads, but if you want more, look elsewhere.

A staple for the radio collector. get Vol. 2 also. You'll refer back to them very often.
