Synopsis

Barbara Ann Brennan, founder of the Barbara Brennan School of Healing and best-selling author of *Hands of Light* and *Light Emerging*, is one of the most influential healers and spiritual leaders of the 21st century. Now, in her latest book, *Core Light Healing*, her work continues with revolutionary new information on working with the creative process and the fourth level. The fourth-level, or astral, world bridges the creative pulse from the physical to the higher levels of reality and manifestation. *Core Light Healing* also chronicles Barbara Brennan's life journey and personal experiences. In *Core Light Healing* you will discover:

- The nature of the creative process from the Human Energy Consciousness perspective
- How each of us creates blocks in our energy fields; how blocks look, interact, and ultimately cause dysfunction in our lives; and the process involved in the clearing of blocks and releasing our creative potential
- How to develop and work with High Sense Perception and its role in facilitating the clearing of blocks in our energy fields
- The nature of fourth-level reality and its vital role in the creative process
- The fourth level as it relates to healing relationships and the cord connections that underlie those relationships
- And much more

Complete with full-color and black-and-white illustrations, *Core Light Healing* offers to take you on a journey to create the life you have always imagined.

Barbara Ann Brennan, founder and president of the Barbara Brennan School of Healing, has been researching the Human Energy Field for more than 35 years. Her best-selling

books—Hands of Light® and Light Emerging—are considered classics in the fields of energy work and complementary medicine. Her work has resulted in the development of Brennan Healing Science, a holistic healing modality based on the Human Energy-Consciousness System and its relationship to health and disease. This work touches every aspect of a person's life to improve the quality of life. A former NASA physicist, Barbara Ann Brennan holds advanced degrees in philosophy and theology as well as physics. Before she retired from teaching, she and her faculty trained over 3,000 graduates in the four-year Brennan Healing Science Professional Studies and Bachelor of Science programs as well as teacher training and integration work programs. The school continues her work and celebrates its 35th anniversary in 2017. Website: www.barbarabrennan.com

Barbara Brennan's work is classic and well conceived. She has advanced the work of healing with energy and light significantly. This book includes colored illustrations like her earlier work. It is a welcome addition to the field.

Anything written by Brennan is a classic treasure. I have experienced healings by her method and attended a workshop where we did healings on each other and I was very, very impressed with even beginner results. To graduate from her school it takes 4 years and most students go on and do another one or two. Nobody understands the human field better than Brennan.

An absolutely inspirational, essential book for everyone interested in growing their own spiritual, conscious evolution. As an Energy Healer it is a fantastic help and tool to my work and growth.

As good as Hands of Light. Very timely.

My third book from Barbara Brennan - a thought leader in energy work.

As expected, working my way through this now.

Not of God new age fools.
