How Successful People Win: Turn Every Setback Into A Step Forward

Synopsis

#1 New York Times bestselling author John C. Maxwell can teach you how to turn any situation into a winning experience. No one wins at everything they try. But any setback, whether professional or personal, can become a step forward with the right tools and mindset to turn loss into a gain.

Drawing on nearly 50 years of leadership experience, Maxwell provides a roadmap for winning by examining the eleven elements that constitute the "DNA" of people who succeed in the face of problems, failure, and losses. Learning is not easy during down times. It takes discipline to do the right thing when something goes wrong. As John Maxwell often points out, experience itself isn't the best teacher; evaluating, understanding, and growing from your experience is. By examining how that process works, you can learn how to take risks and tackle challenges with a successful person's outlook. Derived from material previous published in *Sometime You Win--Sometimes You Learn*.

Customer Reviews

"Clear and inspiring, this is a great approach to leadership." •Publishers Weekly on Good Leaders Ask Great Questions
"The first time I met John Maxwell, I could tell that he and I shared the same values. He cares about people and he wants to help them. One of the best ways to do that is to teach people how to overcome failure and adversity. That ability turned my life around. If you read *Sometimes You Win--Sometimes You Learn*, you will learn that valuable skill. I highly recommend this book." •Ben Carson, M.D., pediatric neurosurgeon on *Sometimes You Win--Sometimes You*

John C. Maxwell, the #1 New York Times bestselling author, coach, and speaker who has sold more than 25 million books, was identified as the #1 leader in business by the American Management Association® and the world's most influential leadership expert by Business Insider and Inc. magazine in 2014. His organizations--The John Maxwell Company, The John Maxwell Team, and EQUIP--have trained more than 5 million leaders worldwide. Maxwell speaks to Fortune 500 companies, presidents of nations, and many top world business leaders.

John Maxwell never disappoints with anything He writes. I love the handy pocket books that He puts out condensed from His larger books. They are quick reads packed with lessons that always help me and give me a lift. HOW SUCCESSFUL WIN is one of my favorites. It gives the reader great advice on what can separate successful people and how they come back from failure and those who let set-backs in life keep them down. I read two things everyday my Bible and anything written by John Maxwell.

This book does an excellent job of providing valuable insight for readers. I highly recommend both the seller and the author. The seller was prompt, packaged the book well, and did a great job of listing it.

As usual, John's books continue to amaze. If you want to succeed in life in any way, shape, or form... and you don't have Maxwell's books in your library, then you are missing out big time. If I had to get rid of every book in my 1000+ book library, and keep only one author's books, it would be a very simple decision. I'd keep John Maxwell's books. The knowledge, advice, guidance, and wisdom is absolutely priceless. Buy John's books; buy ALL of John's books... and then success beyond your wildest dreams. Of course, his books alone won't lead to your success... action on your part if required, too... but you already know that.

Great works! John Maxwell is a business leader, successful and having over 40 years, it's safe to assume in the leadership sector, he knows what he's talking and writing about. The fact he is successful, well sought after as a speaker and coach, business leader confirms it. In addition, as a successful and proven business leader, you can take his works and words as fact based, tried and true. He may not say what you want to hear, but he'll for certain deliver a message you can use, put

to work and earn with and he'll tell you, because you need to hear it and know it.

received, thank you

good book

Poignant, yet easy to read. The author addresses failure in such a manner that it makes you feel like taking on bigger challenges. Any person wishing to win at the game of life should read this book. It's a quick read but with enough substance to inspire.

Arrived really fast!! Great price.
