It's a new concept in children's books. You pick one up. You hold it. You turn it around. You peer inside the windows, and then you pop the latch, opening the door to the story-and to a child's imagination. It's irresistible. Explore all the Mini House Books by Peter Lippman! Also in the series: THE ABC DOGHOUSE, a rhyming and illustrated alphabet-teaching-tool; FIREHOUSE CO. NO. 1, an action-filled story telling the day in the life of a fire company; THE HAUNTED HOUSE, a delightfully frightful story; THE ENCHANTED CASTLE, the Sleeping Beauty story delightfully retold; MOTHER GOOSE'S HOUSE, bringing to life ten traditional Mother Goose rhymes; NOAH'S ARK, a number-counting book set on the famous big boat; and SANTA'S WORKSHOP, a peek at the excitement of Christmas Eve on the North Pole.

Peter Lippman is the creator of the MINI HOUSE BOOKS and the MINI WHEELS BOOKS. In addition, he's written and/or illustrated more than 30 children's books. He lives with his wife in New York.

I bought 4 of these books; 3 Pigs Garage, Mother Gooses Nursery Rhymes, Old MacDonalds Farm and Noah's Ark. We love them all. The colors are great, the story is interesting in each and they keep my son intrigued. Highly recommend. We saw a couple in the stores locally and saw the added offerings on , glad we purchased all of them.

I have a very old version of a Mini House Book that has gone thru 4 grand children. The book has been tapes, glued and repaired many times. We now have a new Grand Daughter who at 1 year old has taken to laying on her stomach and examining page by page various books. We decided that it was time to replace the old book with new ones. She loves the new ones but continues to go back to each one. Hope these books last for 12 more years.

Love these books, so unique and cute!

This is a really cute book, and my toddler loved it ... for the 90 seconds that it stayed together. As with other reviewers, I found this book to be very poorly made. It come unbound almost immediately.

Don't care much for the text, but our toddler liked the novelty of it (good for car trips). But not well bound on the side (opposite side from the pig looking out of the window). So if you don't have a very gentle child, this won't last long at all.[We also use it for playing farm with our lego, etc.]

My daughter loves this book but it wasn't durable enough for her. Lasted about a month or so.

Fantastic but damaged in post, too expensive to return from Australia

The 3-d shape, along with the artwork and colors, is just captivating for little ones. These board books are strong and durable. Buy them all!
