A Kid's Guide To Weather Forecasting - Weather For Kids | Children's Earth Sciences Books

Synopsis

Why should kids be concerned about the weather? It's not like they will all grow up to be meteorologists or weather forecasters. But the thing is, knowing how to read weather patterns leads to a general understanding of how the world works. It also leads to an educated expectation of the day's events. Weather forecasting has never been this easy! Grab a copy today!
