The Freekeh Cookbook: Healthy, Delicious, Easy-to-Prepare Meals With America's Hottest Grain

Synopsis

Freekeh is a tasty, versatile grain that's packed full of fiber and protein. Freekeh was created by accident nearly 2,000 years ago when a Middle Eastern village was attacked and their crop of young green wheat was set ablaze. Most folks would sulk over their misfortune, but the crafty villagers rubbed off the chaff, cooked it up, and the result was freekeh! With 8 grams of protein per serving, it is quickly gaining popularity in America as a healthy grain that tastes great and keeps you fuller for longer, aiding in weight loss. This beautifully photographed cookbook showcases dozens of ways to incorporate freekeh into every meal of the day. Recipes include: Almond Cookies with Cocoa Nibs Cardamom Freekeh Bars Curried Freekeh Crackers Freekeh ‘n Cheese Moroccan lamb with Dried Fruits and Nuts Pistachio Encrusted Shrimp with tamari Frekeh Raspberry Freekeh Pancakes Roasted Pumpkin with Chicken Apple Sausage and Kale Stuffed Heirloom Tomatoes Tandoor Chicken with Curried Eggplant Freekeh And More! Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We've been successful with books on gluten-free cooking, vegetarian and vegan cooking, paleo, raw foods, and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

This cookbook is GREAT!!! I fell in love with freekeh when Bonnie Matthews introduced it to me through a facebook conversation and her first cookbook. The recipes in The Freekeh Cookbook are easy to follow and there is something for everyone. When I can get my husband and son to eat freekeh instead of rice or potatoes....it is a great thing and with this cookbook it does just that!!!Bonnie, puts her heart and soul into her recipes and it shows!! Who would have thought that a small grain like freekeh would be loaded with so much fiber and protein and actually taste great!! With Bonnie's recipes you have the template to get started on a healthy journey that you and your

family will LOVE!!! This cookbook is going to put to VERY GOOD use for my family! With her recipes, you don't just have to use freekeh, you can use other grains which to me makes this a cookbook for ALL palates!! Bonnie has hit this one out of the ballpark! I can't wait to see what she has coming up with her next cookbook!!!

I had never heard of Freekah, but heard on NPR in January it was one of the food trends of the year. This is a great cookbook, gives you lots of ideas for using what I've now learned is a high protein grain -- as the book says, keeps you fuller. The recipes are pretty easy for the most part - it's a really handy cook book.
