Customer Reviews

I got this book as a gift. I was shocked to find that it was a coloring book. It's like the ones you find at Target in the dollar section. I was almost too embarrassed to give it. It's totally not what I expected.

Granddaughter has seen everything Dora, and enjoys singing and playing along. We Did It !!!

MTH

My daughter has had grandma read this to her verbatim without correcting the questionable grammar, now when I correct the errors as we go, my daughter remembers the mistakes and expects me to utter the same errors. I really like "Dora" and the related books, but the respective

"powers that be" should pay more attention to the fact that learning may occur in both a negative and positive sense. They should correct the grammar errors before they publish.

callieboy

Nice for Dora fans.
