Shalom Coloring: Adult Coloring Book

Synopsis

Drawing on the rich history of Judaic objects, art, and tradition, this new collection of exquisite imagery features complex illustrations and patterns that will inspire novice and expert colorists alike. Each beautiful piece is designed specifically for adults, and allows them to escape their stresses and mentally relax with a rainbow of choices and beauty. The images each include motifs that are important to Jewish life and celebration, and are paired with inspirational quotes from the wealth of Jewish writings. Created with intricate black and white line-work, the artworks allow colorists to add their own unique interpretations and create a personal work of art.

Customer Reviews

Some consider adult coloring books a money-making fad branded as therapy, while others consider it therapeutic. According to the Daily News, however, Quarto Publishing Group USA sold four million copies while Dover Publications sold five and half million copies in the past year looks like the fad isn't going anywhere anytime soon. But now there is an adult coloring book that combines all of your favorite things Jewish history and art! It is called Shalom Coloring written by Judy Dick and illustrated by Freddie Levin. --KvellerYears have passed and coloring books have returned but in a 21st century way. Shalom Coloring by Freddie Levin and Judy Dick is a spectacular book for the Jewish home. The 34 black and white linear illustrations include Judaic motifs and symbols based on the Jewish calendar, holidays, celebrations, tradition and Jewish life. This new collection of exquisite imagery features complex illustrations and patterns that will inspire novice and expert colorists alike. To make the book more even meaningful, an inspirational quote or a brief biblical excerpt accompanies each image. Both the amateur and experienced artist will enjoy this book. They can

express themselves with color and imagination, while they relax, create, escape and have fun. Although Shalom Coloring has been created for adults, we think it is also perfect for the budding pre-teen artist, allowing each to produce their own unique design and personal creation. --Kosher Eye

One of Freddie Levin's earliest memories is sitting at her grandmother's kitchen table coloring with her bright and chunky crayons. Since then, she has graduated to more intricate tools, and her artwork has illustrated numerous picture books, greeting cards, and products. She is the author/illustrator of two award winning book series about drawing, 1 2 3 Draw and Draw Plus Math and Science. When not drawing and painting, she enjoys gardens, birds, yoga, Chopin and pretty much any kind of pie. Judy Dick is an author and illustrator of many books, including the Building Jewish Identity series. She studied art at both Yeshiva University and Pratt Institute, and is currently an editor at Scholastic. She looks forward to trying her hand at coloring in the intricate pages of this book.

LOVE this coloring book. It looks simple but once you start coloring you realize that this is not the case! I am having so much fun with either my new set of jewel tone markers or watercolor pencils. I recommend this for anyone who loves to color, wants a calming activity and enjoys Judaic designs. I plan to buy as gifts too.

The cheapest paper...i tried coloring with small tipped crayola markers & the paper started coming apart. Should print on better paper for customer to be able to work with it.

This is such a lovely book! I used it with my religious school children and they loved it! We'll be using them as part of our Chanukah decorations!

Pictures are beautiful! Love that it goes in order of the calendar year. Even my 6th graders are enjoying. Quotes are moving!

Bought this as a gift and was impressed, as was the recipient, with the level of difficulty (varied) and the appearance of the coloring pages. Adult coloring is supposed to help with stress reduction, anxiety, and even spiritual focus. Adding the Jewish dimension to the meditative work of coloring kicks things up a notch.

The coloring book is nice. I will get another one after I finish the one I have now

Bought as a gift for my wife who is an art teacher. She loved it.

Awesome... Having so much fun... Like the pencils, too....
