Mongolian: Lonely Planet Phrasebook

Synopsis

As the traveler at a neighboring table struggles with the menu, you're glad you came equipped with your phrasebook. Not only did you order your meal with ease, you're also sure of what's coming. You smile as the waiter brings your dish and say en minii zakhialsan khool bish... Travel with confidence, using language as your guide. Our phrasebooks give you a comprehensive mix of practical and social words and phrases in more than 120 languages. Chat with the locals and discover their culture - a guaranteed way to enrich your travel experience.

Customer Reviews

National Geographic Traveler, September 2006 'Lonely Planet Phrasebooks. Portable, pocket-size, cheap, and available for almost any country you might want to visit...'

Who We Are At Lonely Planet, we see our job as inspiring and enabling travelers to connect with the world for their own benefit and for the benefit of the world at large. What We Do* We offer travelers the world's richest travel advice, informed by the collective wisdom of over 350 Lonely Planet authors living in 37 countries and fluent in 70 languages.* We are relentless in finding the special, the unique and the different for travellers wherever they are.* We update our guidebooks by visiting thousands of places in person to get the details right and tell it as it is.* We always offer the trusted filter for those who are curious, open minded and independent.* We challenge our growing community of travelers; leading debate and discussion about travel and the world.* We tell it like it is without fear or favor in service of the travelers; not clouded by any other motive. What We

Believe We believe that travel leads to a deeper cultural understanding and compassion and therefore a better world.

Helpful. The local guide to culture was also helpful

Couch surfers and travelers should swear by this book. I lived in Mongolia for over a year, and many key phrases are mentioned in this book. Definitely learn Cyrillic script before you visit Russia or Mongolia. Its not too difficult to pick up. The Mongolian version differs in that they use tenderized vowels. The book touches base with all of that. (its useful for reading signs when riding the buses). AVOID CABS. Don't get hung up on learning everything if you are passing through for a couple days. Just the essentials like "how much" ene xed ve? "thank you" bayarlalaa "hello" cain uu? Mongolian people are very generous, often patient and are happy to see you, so take your time with the language.

In the past year I have spent 6 months in rural Mongolia. I had the Lonely Planet Guide to Mongolia and The Lonely Planet Mongolian Phrasebook. First off, the Guide to Mongolia is excellent, my copy is basically falling to pieces I used it so much. I was less pleased with the Phrasebook. I have some concerns about the pronunciation guide as given by other reviewers. The use of the "schwa" in Mongolian could be better described. I found the section on restaurants very poor. In the area where I was menus were in Mongolian only and the phrasebook was useless trying to decipher the menu. The phrasebook would be enhanced if the vocabulary list included a Mongolian-English section. If you come across a Mongolian word that you want to understand the phrasebook is not much use. In its favour, the book is cheap, portable and is written in an easy style.

Navigating the Mongolian language is a real challenge for the "language challenged" like me. For me, the difficulty was two-fold - the spoken language and the written word. It's not enough to know the words. Mongolia uses the Cyrillic alphabet so it's double duty. The Mongolian Phrasebook from Lonely Planet was incredibly helpful to me during my visit to this incredible country. I believe it will help you, too!

Very useful, well organized guide! If only I had used it more my language skills would have improved from the very limited beginner level I achieved! Read this if you are learning the language or visiting the country!

Absolutely loved it. When I went on a tour to the Gobi, we stayed overnight in a ger - this book helped me make friends with the local families. They really seemed to love my attempts to speak to them; it made the experience really special. And when I was trying to get to museums or across town or something, it saved my life with the taxis. Highly recommended!PS Not to mention, this is the only phrasebook I've found for the Mongolian language.

Lonely Planet continues to do as it has done with its very first phrasebooks giving meaningful explanations and good examples that can be used when in country. Its vocabulary is great. I always find what I need. Travel well and safely.

Lonely Planet always publishes great phrasebooks, and this one's no different. Luckily, they provide the original Cyrillic script alongside of the phonetic transcriptions, so you can actually read things while inside the country (unlike their Central Asian phrasebook, which was entirely in phonetic transcription). I haven't been to Mongolia yet, but this book is definitely coming with me when I go! Its content is very similar to their Russian phrasebook, which I found extremely useful while in Russia.
