Synopsis

FOR A LIMITED TIME ONLY... FREE bonus book inside! Use These Powerful Steps To Develop And Overcome Your Empath Fears Today! Empath is a word of Greek origin derived from two Greek words *Empathētikos* meaning *to feel*, and *pathos* meaning *feeling*. Together, *Empathētikos* means you can feel the feelings of others. In other words, it means if you are an empath, you are highly sensitive to the feelings, energies, and sentiments of others. Being an empath does not only mean you are just highly sensitive to the sentiments of others; no, this is just one element of being an empath. If you are an empath, you can also perceive physical sensitivities as well as the spiritual urges of all those around you. Empaths have an innate ability to sense and feel the energies of everything and everyone around them. This ability can be heightened from the very start or it can be developed as they grow. If you are an empath, you quickly feel the energy of a person in a room even when such a person is not in the room. As an empath, not only can you sense the energies of the living, you also have the ability to feel the energy or spirit of those no longer in the realm of the living. You are sensitive to energy and not human bodies. The energies of the dead still linger on in the world even when their bodies decompose. This is why you can feel the energy of the dead. Moreover, some empaths can feel as well as view the spirits too. There are different sorts of empaths: some have a more sensory perception of energy while others can perceive spirits and energies through auditory and visual processes too, meaning they can hear and see spirits too. If you have ever felt the presences and spirits of those around you, whether you were in a cemetery or even otherwise, it is because you are an empath. This book contains proven steps and strategies on how to cope with and control your special gift while overcoming fears. You no longer need to be afraid from all the energy that you have been feeling around you. You attract people emotions, issues and the spiritual world because you are special and chosen for a purpose. Empath is a gift that if you're able to control, you can help those that are in desperate need. Before you can help others, you need to be able to control and help yourself first. In doing so, meditation will allow you to open your spirit, give you the strength to overcome fears, and keep you in control of your life. Through meditation, you will feel at peace, and to do just that, you need this book. Here Is A Preview Of What You'll Learn...
