Customer Reviews

Triple Your Reading Speed in Less than 24 Hours -- This got me attracted to this book and I purchased it right away. Who wouldn't want to boost his reading skill? I'm sure that all of us want to do it, especially in this present world where competitions are really stricter. Having the ability to read fast and comprehend well is a must now and this book was able to give a few hood points on how this can be done. I appreciate the book's well explained topics. This will definitely help a lot of readers.

Through this, I discovered that speed reading could be harnessed and improved. This book contains proven steps and strategies on how to become truly great speed reader in order to increase our productivity. This is a great guide to master speed reading and gain positive results.

With this book, we will understand the importance and benefits of harnessing speed reading. Dig in to this book and become an amazing speed reader. So fun and lots of relevant information to be taken.

This book has greatly been of help to me, exploring the great tips and secrets of reading efficiently. It's proffers the very best solutions to speed reading, relating the various possibilities it offers and best ways to greatly benefits from it. I love the approach, the less ambuiquity and the concise but yet helpful information.

I am not a big reader because it takes so much time, but as a writer I am being told I need to read more. Thus, my solution of learning to speed read. This book was concise while providing resources to expand my practice. Great tips and info, two thumbs up!

Tried speed reading this short book, found it helpful especially the end of the book that summarize and reinforced the strategic process and steps.

This review will not show up as "Verified" since I have to buy books on .de because I live in Germany. I however still post reviews on .com since this is where they would help the most. I never had problem with my reading speed, but it always bothered me when somebody hands me something to read and they watch me reading with that "how slow are you reading" stare...! I got this book and got some great tips to improve my speed. The App suggestions also helped as I am now "training" daily and can already see results. Thanks Liam.
