# Breaking Free (Masters Of The Shadowlands Series Book 3)

## Synopsis

"Breaking Free took me on an emotional roller-coaster, and I loved it!" ~Just Erotic Romance Reviews  
A sadistic husband left Beth scarred, inside and out. Only at the Shadowlands BDSM club does she feel like a woman. But her fears limit her to Doms who won't overwhelm her--the very ones who cannot arouse her. The Master of the Shadowlands gives her an ultimatum: accept the Dom he assigns or lose her membership. The last thing Beth wants is a ruthless, powerful Dom, but that's just what she gets. Asked to take on a problem sub, Nolan sees the issue immediately--although truly submissive, the little redhead is too scared to relinquish control and her Doms have let her get away with it. That will change right now. As Master Nolan takes Beth under command, compelling her submission, she's terrified, but the experienced Dom brings her pleasure, not pain. His only demand is that she never lie to him. Under his capable hands, her body comes alive, and she begins to heal. As he pushes her limits, she learns to trust...and then to love. And she realizes he is beginning to care for her in return. But now her cruel husband has found her, and Master Nolan discovers she's been lying and lying and lying.    [[Reprint]]

## Customer Reviews

Master Z watches Beth get a new dom each week, and watch Beth leave unsatisfied every week. Master Z decides, Beth will have one last dom in his club and if she won't give up control, she will have to find another club. Master Z asks Nolan, who just returned from Iraq, to top Beth because both Beth and all her weekly tops are not getting what they need. This begins Nolan and Beth's journey together. Beth was really messed up from Kyle--really messed up. I loved Nolan's gentleness and firmness at the same time. He just knew what she needed and took time to gain her trust. One thing that struck me was that there are a lot of crazies masquerading as Doms, gaining trust and violating their subs. But obviously the other thing is that all of Master Z's Doms are all-knowing in the sexual and mental game (a bit of sarcasm), but I enjoyed the way Nolan rescued the little rabbit Beth.

This is a book that I could hardly put down, and that's a very good recommendation. My heart went out to Beth. She is caught up in a marriage to her sadistic husband Kyler who (as a high-powered attorney) has assured her that divorce will never be an option for her. She is legally his to do with as he pleases....forever. To say that he abused her would be putting it mildly. He lives for the sound of her cries as he tortures her. Beth's body and her soul have both been battered, leaving scars that will never heal. But she never quite loses her spirit, or her determination to be free of Kyler. Miraculously, Beth somehow manages to escape her home in California and runs for her life (literally). She eventually ends up in Tampa, Florida, where she manages to start her own landscaping business. Beth is a submissive at heart and has needs that can't be met by anyone other than a trained Dominant. She manages to work out a deal with Master Z, the owner of a private BDSM club called Shadowlands, to do the club landscaping in return for membership. But after the terrifying and painful experiences with her husband, she sticks entirely to the tamer Doms who don't arouse or overwhelm her senses. This allows her to maintain a firm grip on her hard-won control. She trusts no one. Enter Master Nolan who reluctantly takes over Beth's training when asked to do so by the club's owner Master Z, who can see that Beth's 'real needs' are not being met. Beth instantly realizes that Master Nolan is a strong Dom and she balks. She is terrified of pain and wants to refuse the training, but Master Z informs her that to do so would mean the termination of her membership, and she desperately wants to stay. Left with few options, she reluctantly accepts Master Nolan as her trainer. As expected, these two develop more than just a Dom/Sub relationship. However, Master Nolan has one rule for his new sub....that she never lie to him, about anything. Afraid of his reaction, she mentions her previous experiences with a sadistic Dom, but

never tells him that she was....AND STILL IS....married to the guy.Even though you enjoy watching the relationship between Beth and Nolan evolve, you can't ignore the niggling thought of Kyler, lurking in the background of your mind. There is always the fear in Beth's heart that he will find her. She knows he will move heaven and earth in his dogged determination to do so, and she is determined to stay one step ahead of him. Because she knows that if he does find her, he will fix it so that she will NEVER be able to run from him again. By sneaky means, Kyler learns the whereabouts of his errant wife, and sets plans in motion to kidnap her and punish her for leaving him. Beth's worst nightmare is about to come true.Will Master Nolan realize what's happened to her? And after having learned that she lied to him....will he still care? This author certainly knows how to keep her readers in suspense. She also knows how to get us involved in the relationships of her characters, giving us insight into their minds as well as their hearts. I was hooked from the very beginning and stayed that way to the end. I would definitely recommend this book to those who like reading about the BDSM lifestyle, where the motto is still "safe, sane, and consensual. And where each individual ends up having not just their "physical" needs met, but their emotional ones as well. Kudos Ms. Sinclair. You've done it again!

This is the third book in her Shadowlands Series and Ms Sinclair has not failed to let her readers down. In fact her stories are only getting better.She sensitively deals with traumatic areas in this novel that only makes the reader fall deeper in love with her characters.Beth has run from an extremely abusive husband and has finally found some happiness in her life - or so she thought.Nolan has just returned from his final deployment overseas and is looking forward to some peace in his work and play.That is until Master Z challenges him to take on Beth as a sub ! One who needs a firm hand but also some care and attention.This is a beautiful story of a woman surviving an horrific relationship and transforming into the person she was meant to be.Once again the sex scenes in this novel are extremely steamy and will leave you squirming in your seat.Congrats Ms Sinclair on yet again another riveting read.Definitely a 5\*\*\*\*\* winner.

I haven't read a romance in awhile but I was re-reading the first two Cherise Sinclair books for some fun and decided to read the one that convinced me to try her work. I was mostly interested in book three for the storyline about an abused woman on the run who found solace in the arms of her Dom. It was a storyline I thought would be fun and I had enjoyed her "heavier woman" sub romance. Well I was not disappointed.Beth was on the run from her husband who delighted in using the trappings of a D/s relationship to beat her savagely. Although she was on the run, she needed D/s to feel

satisfied and had begun to attend the Shadowlands for her needs. Unfortunately she was not satisfied with the Doms she was meeting. Enter the owner Z, who told her to accept the Dom he chose for her or move on because she was not happy. Given to Nolan's safe keeping, she began to find satisfaction while trying to contain her secrets. Nolan, in the meantime, finds his own satisfaction from topping Beth but abhors secrets. When Beth's secrets come out and her husband closes in, Nolan has to decide whether he can overlook secrets or whether he will stand with Beth. I have this compulsive reading love of D/s books. Half the time I have more issues with them than any other book I read but I keep going back to them. I'm not sure why. I often have trouble buying the relationship or the insta-trust. I would think D/s relationships that are built on the concept of deep trust so I often struggle with a relationship where the woman gives practically absolute trust in the first five minutes. So...I struggle. This one I found more believable in the sense that while sex was introduced early the issue of trust came up in other ways. There were personal walls surrounding both Beth and Nolan and their trust was different. They had to deal with more personal issues rather than the romantic ones. It was a fun read but it didn't satisfy my needs in a romance. I'd recommend it but I really enjoyed the first two more. 3 Stars Published by Loose Id, LLC June 2, 2009 170
