Customer Reviews

In 2007 Parragon launched global cookbook brand, Love Food. Our aim has always been to publish cookbooks that combine delicious, reliable and accessible recipes with stunning photography and design. We work with a talented collection of food writers and photographers to create quality books that inspire, excite, and encourage everyone to have fun in the kitchen!

For a book titled The Art of Mixology, the quality of drinks, poor proportions/balance and iffy ingredients were fairly disappointing and left me regretting my purchase. If you're interested in classic cocktails and innovative, interesting contemporary drink recipes, then definitely skip this one. There are many much better cocktail books out there that actually deliver on what this book seems to promise. The design and photographs are quite nice, so it is not totally a loss, but I wouldn't recommend it on those qualities alone.

Bought this for a gift and it worked great. This book has a very nice finish that made a for a great gift to a man as well as it looks great in the kitchen. The pictures do not do this book justice as far as

aesthetics. It is also a great introduction into the finer beverages and can make you look fancy fast.

It's been awhile since I ordered this book. I've referred to it again and again over the last year. I can't rave about these recipes enough. The only suggestion I would give is how the recipes are measured (oz. rather than "parts"). Overall, still an amazing buy--and the book looks slick too.

Daughter starting serving and found this book very helpful.

Love this book! Perfect for teaching yourself how to make drinks. Every drink has an image!

Great book. Drinks we've never heard of and having fun trying a few. To try them all you would need to buy a liquor store. Great fun.

Great book, fun to make different drinks

Perfect! Easy to follow instructions.
