Guide Of The Believer: Purification And Prayer In Islam

Synopsis

This work presents the essential details of purification and prayer which should be known by every serious Muslim. Avoiding hypothetical and unlikely cases, it deals with issues that are likely to arise in the life of the average urban Muslim. Among the main features of this book is that it balances legal issues with healthy doses of spirituality and addresses contemporary issues such as wearing nail polish, holding a digital Qur'an without purifying, using hormones to delay menstruation, praying on an airplane, etc. Guide of the Believer is like a modern instruction manual which can be read independently or studied in detail with an expert in the field.

Customer Reviews

People who are blessed to be born as Muslim think that they already know enough to practice their faith while it is not true. Highly recommended that we should read this book to re-visit our knowledge of basic things in Islam.

This book is perfect for western Muslim and great for those Muslim whom want to get away from eastern Muslim textbook. Read this book twice. Find it really helpful. Also purchase his other two books and both were very much helpful.

I bought this book as a refresher for myself. I'm a convert that had to learn things the hard way without a lot of available support. I wish I would have had this book back then. If I were a new convert today, this would be my first purchase. It has everything you need to get off to a good start. I highly, highly recommend this book.

AMAZING!!!! love this book! very detailed on Wudu for women and proper prayer. Received this as a gift when I converted at his masjid.

Salam, This is an amazing, concise and very readable resource on the fiqh of basic acts of worship i.e. purification and salat. Author details various aspects of cleanliness and how to attain it, how to perform wudu and then offer salat. An ideal resource for new and old Muslims alike. My only gripe is that he should've included other pillars of worship in this book. I'm referring to sown (fasting), zakat and Haj (hence 4 stars). Only then it'll be considered a must have for every Muslim household.
