These flashcards are really useful! I didn't even know that they came with English AND Math vocab until I started going through them and found the math stuff. They even added some flashcards for Reading and Writing and Essay. Would definitely recommend!

The box is exhaustive. We read a card every day in Senior English. Perfect!

Awesome

Good Stuffs. Will be useful during the first 2 weeks of Summer.

A good learning tool for high school students.

These cards need to contain some information about etymology. You can never memorize all the words you'll encounter on a standardized test (because I'm sure the test writers purchase these products) but if you can learn how Latin and Greek roots work, you can decode the words yourself and come close to right. These cards lack that explanation. I do like the use of synonyms on the cards though. We just started using these, we'll see how it continues.

Great flash cards!!
