I Just Forgot (A Little Critter Book)

Synopsis

Mercer Mayer's Little Critter is having a very forgetful day in this classic, funny, and heartwarming book. Whether he's forgetting his lunchbox, forgetting to put on his rain boots, or forgetting to turn off the water, both parents and children alike will relate to this beloved story. A perfect way to teach children about responsibility!

Customer Reviews

MERCER MAYER began writing and illustrating children's books in 1966, and since then, he has published over 300 titles. Readers can open almost any of his award-winning books and out may pop dragons, cuddly monsters, wonderful creatures, and endearing critters. Drawing from his own childhood adventures for inspiration, Mayer has created one of the most cherished characters in children's books, Little Critter. He currently lives in Connecticut.

Mercer Mayer are classic tales that touch your child's heart. Easy for them to understand, creative in message and all around one of the best children's authors I've come across! This one, I just forgot, is a classic tale of life. We all have forgotten at one time or another so a good lesson both ways. I really heart Mercer Mayer books!

Read it to my kinders and 1st graders. They loved the silliness. Good book to read to kids.

My kids love these books. I read them to my 2 year old and 7 year old nearly everyday. Enjoyable for both ages. When I ask them to select a book for me to read, they usually select this one. It's also easy enough for my 7 year old to read.

Great critter book! My son is a huge fan so this was a great purchase

I chose this rating because I am familiar with Mercer Mayer's books. This book was for my great granddaughter for whom I read the book. She was delighted as were my children and my grandchildren. As we have worn out many of our children's books through the many members of my family, I intend to collect other Mercer Mayer books for another generation of children..Elissa

I love little critter books since I was a child and love reading them to my children. Great messages!

We love the Little Critter books. The kids find him very relatable and the pictures always make them laugh. Little Critter is very forgetful just like my 5 year old, so of course he loves this book. And Little Critter has the same chores he does.

This is a book for young mom to read. It encourages patient and understanding towards little people who are just practicing independence and responsibility.
