# Your Cat: The Owner's Manual: Hundreds Of Secrets, Surprises, And Solutions For Raising A Happy, Healthy Cat

## **Synopsis**

Dr. Marty Becker has become known as "America's Veterinarian" because of his educational and entertaining shows and columns. For more than ten years, Dr. Becker has been the popular veterinary contributor to ABC-TV's Good Morning America and is now a member of Core Team Oz on Dr. Mehmet Oz's show. Dr. Becker will help owners solve problems and enhance their bond with their cats through a tip-filled book on everything from finding the right cat to preventing health problems and bad behavior. He will start owners off on the right foot, whether they buy a kitten or adopt an older cat, showing them how to solve the most annoying behavior and cat-care problems--from scratching furniture to not using the litter-box. (Surprising fact: did you know that black cats shed more than light-colored cats?) And he advises owners how to make their own cat toys, and how to save money on medication, both traditional and alternative.

## **Customer Reviews**

Praise for Your Dog: The Owner's Manual:"Chock full of practical advice on both behavior and health. Anyone who is getting their first dog should read this informative book." -Temple Grandin, Author of Animals in Translation and Animals Make us Human "What a great reference to have on hand! YOUR DOG is such a blessing to all of us dog lovers everywhere. Good advice from someone we can trust." -Betty White, award-winning actress

Dr. Marty Becker, "America's Veterinarian" has been the popular contributor to ABC-TV's Good Morning America for 10 years, and is the resident veterinarian on The Dr. Oz Show and the pet expert for AARP. He writes a Universal Uclick Syndicated column with Gina Spadafori, Pet

Connection; is a contributor to Parade Magazine, and was voted "companion animal Veterinarian of the year." He is also co-author of the fastest-selling pet book in history, Chicken Soup for the Pet Lover's Soul. Dr. Becker still enjoys his work as a practicing veterinarian, at the North Idaho Animal Hospital. Gina Spadafori is a veteran journalist who has been writing about pets and their care as a syndicated columnist and author. Her top-selling book, Dogs for Dummies, was given the President's Award for the best writing on dogs and the Maxwell medallion for the best general reference work.

I didn't get much new out of this having had cats most of my life. Someone recommended it to me saying there was all kinds of new information in it, but it was mostly the basics as far as I could tell. If you're new to having a cat, this is great, but if you've had cats for years you might not find much new information in here. I donated to our local cat shelter to give away to someone adopting a cat for the first time.

'The book was a lot of help as I had not had kittens for about 30 years. And had not had adult cats for about 25 years. It was also very entertaining with the way information was given. I now have 2 very lively kittens and I enjoy them very much.

I've owned cats before getting my present kitten, but in this book I am learning a lot of good information that I never learned before.

This book has absolutely EVERYTHING one would want to be aware of either before acquiring a kitty, else if you already have one and have some issues. I've learned a lot and I have had cats all my life! Great book!! Excellent vet!

As a new kitten owner, I wanted a good go-to resource book. This is it! It's a very informative and helpful book. Dr. Marty Becker, writes in a way, that anyone can understand. I highly recommend!

If you have ever had a cat, there is not a whole lot new in this. It was interesting and fun to read though.

Read it, re-read it, and re-read it. I continue to refresh my mind about taking care of our "babies". Highly recommend.

Most informative and well written!
